FISCAL YEAR 2015-2016

HISTORY OF JEFFERSON COUNTY, TEXAS

Jefferson County Courthouse

Jefferson County is a 937 square mile County situated in the Coastal Plain or Gulf Prairie region of extreme southeastern Texas. The County is comprised of mainly grassy plains, though it has a dense forest belt, marshy saltgrass terrain, and coastal prairie within its boundaries. The area is low and flat with altitudes rising from sea level to approximately 50 feet above. The County has a subtropical humid climate with a mean annual temperature of 69 degrees and averages fifty-three inches of annual rainfall. The average growing season is 225 days a year. Several incorporated towns make up the County including: Beaumont, Bevil Oaks, China, Groves, Nederland, Nome, Port Arthur, Port Neches, and Taylor Landing.

Jefferson County was formed in 1836 and organized in 1837. It was one of the original counties in the Republic of Texas. The first County seat was Jefferson (named after Thomas Jefferson) on the east bank of Cow bayou and was replaced by Beaumont in 1838. The first Jefferson County courthouse was built in 1854 and later became a Confederate hospital during the Civil War. The second courthouse was a 3-story building, built in 1893. It was the County's seat of justice until demolished to make room for the current building. The courthouse as it stands today was built in 1931 for \$1,000,000. Since the building of the original courthouse in 1931, there have been

several extensions. The "New Courthouse" was built in the 1980's, and is attached to the original structure. The County also has a sub-courthouse located in Port Arthur. Other County Buildings and Annexes that house the operations and offices of the government are located at optimal points within the County.

The area that is Jefferson County has been claimed by several different nations. The first inhabitants were the Atakapa Indians, which settled in the Lower Neches and Sabine rivers. The French and Spanish disputed ownership of the area during the eighteenth century, and when the United States acquired Louisiana, the area was under Spanish control as part of the Atascosito District. Anglo settlement began in the area around 1821 with encouragement by the Mexican government. With the formation of the Texas Republic in 1836, residents of the newly formed County sought to increase settlement.

Jefferson County was changed drastically by the discovery of oil at Spindletop in 1901. Almost overnight, the area became a booming economic base for oil exploration and refining. Jefferson County's economy to this day is still rooted in the oil industry. Currently the economy of the County is based primarily on petroleum refining; the production and processing of petrochemicals and other chemicals; the fabrication of steel and steel products; shipping activity; the manufacture of wood, pulp, food and feed products; agriculture; and health care services. The County continues to diversify its economic base.

Jefferson County is the location of one of the fastest-growing industrial areas of Texas. The County endeavors to offer its citizens everything they seek in the way of employment, entertainment, cultural activities, and educational facilities. Jefferson County not only seeks to increase economic development in the area, but also seeks to provide its residents with an enriching community life.

BUDGET SUMMARY

PATRICK SWAIN
COUNTY AUDITOR
 (409) 835-8500

1149 PEARL ST. - 7TH FLOOR
 BEAUMONT, TEXAS 77701

September 21, 2015

Honorable Commissioners' Court:

Jeff Branick, County Judge
 Eddie Arnold, Commissioner, Precinct No. 1
 Brent Weaver, Commissioner, Precinct No. 2
 Michael "Shane" Sinegal, Commissioner, Precinct No. 3
 Everette "Bo" Alfred, Commissioner, Precinct No. 4

The Commissioners' Court of Jefferson County, Texas was committed to adopting a budget for the year 2015-2016 which would not require an increase in the County's overall property tax rate. We are proud to present a budget for the general fund that has increased from the 2014-2015 adjusted budget by less than 1%, and moreover maintains the same property tax rate. Therefore, in compliance with Section 111.033, Local Government Code, budget recommendations for fiscal year 2015-2016 are submitted for your consideration and approval.

This budget is prepared on the basis of \$24,905,432,113 of net taxable value, after exemptions, which is a decrease of just under 2% over the previous year's net taxable value. The County's tax rate is \$.365 per \$100 of assessed value, 2.9% below the calculated effective tax rate. Net tax collections are estimated at 98.5% of the total levy.

The County's \$.365 tax rate is allocated as follows:

General Fund	.342106
Debt Service	.022894

The fiscal year 2015-2016 budget provides for planned expenditures, net of contingency appropriations, for all operating funds totaling \$136,789,973. Contingencies in the amount of \$370,000 in the General Fund have also been appropriated. Such contingent appropriations are under the control of the Commissioners' Court and shall be distributed by that Court.

The Capital Projects for fiscal year 2015-2016, adopted independently of the operating budget, provides for planned expenditures of \$5,262,246.

Annual budgets are adopted for all funds except for enterprise funds, internal service funds, capital project funds, and certain special revenue funds where funds are designated for specific purpose as identified in the grant award document, which adopts grant year or project length financial plans.

It is my opinion that the provisions of revenues and expenditures in this budget are adequate and that funds will be on hand to pay the obligations as set forth. All funds are expected to have sufficient resources to operate within the budgets as proposed. It is intended that each County department will operate within its total budget allocation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Patrick Swain', with a long horizontal flourish extending to the right.

Patrick Swain
County Auditor

BUDGET INITIATIVES, MAJOR GOALS AND ISSUES

The 2015-2016 budget year was a great challenge for the Commissioners' Court of Jefferson County. Commissioners' Court developed the current General Fund budget of \$123,408,154. Also, Commissioners' Court was able to maintain the same property tax rate of .365 cents per \$100 of taxable valuation. This property tax rate will enable Jefferson County to continue to provide services to its citizens and promote an atmosphere conducive to economic development within the County.

Budget initiatives for the current operating year include:

Maintain the same property tax rate which is 2.9% below the effective tax rate. Each penny of the tax rate equals approximately \$2.4 million in tax revenues.

Provide a 2% salary increase for all employees. The increase in cost is approximately \$1.4 million including fringe benefits.

Commissioners' Court will utilize previously transferred funds to complete outstanding capital projects.

Maintain capital expenditures for durable goods to replace needed equipment to necessary levels.

On an on-going basis, County officials review and identify key issues facing the County and determine goals and objectives for the current operating year and the future. For the present and future years, the following represent the Commissioners' Court's list of major goals and issues:

- * Economic Development
- * Transportation Infrastructure
- * Coastal Protection
- * Organizational Development & Improvement

Economic Development - *Enhance the economic development climate in the County for future growth by focusing on workforce training and education, by exploiting our industrial and transportation infrastructure to attract and retain business and industry, and utilizing existing legislation to incentivize the attraction of businesses that bring diversification to the economic base.*

Local Industry – Several large projects are in construction, permitting, and development for the area and the County continues to work with other taxing entities to create a business environment conducive to this growth. These include such notables as Lucite, Air Products, Vitol, Golden Pass Products, OCI, and Exxon Mobil.

Petrochemical expansions at the Motiva, Total, and Valero facilities located in Jefferson County represent approximately \$15 billion in project improvements. In addition, hundreds of millions of dollars are being spent on terminal and pipeline facilities to support these projects. We await federal approval of the construction of the Trans-Canada Keystone XL pipeline which will deliver Canadian tar sands crude to Jefferson County and help in relieving our dependence on oil from more politically volatile regions. In addition, recent rail terminal facility expansions and new construction has significantly increased the transportation of Canadian tar sands oil and bitumen to our area for processing by area refineries.

Cheniere, one of two companies with Liquefied Natural Gas Terminals on the border of the Texas/Louisiana Coast, is in the middle of construction of a \$10 billion liquefaction facility. Golden Pass LNG opened their terminal in mid 2011. With their opening, our ship channel is now home to over 40% of the nation's LNG capacity. Golden Pass LNG has filed with federal authorities for permits allowing it to build a \$10 billion gas liquefaction facility in Jefferson County, which approval is expected to be forthcoming in the 2nd or 3rd quarter of 2016. Sempra Energy has also begun permitting for a multi-billion dollar liquefaction facility to be built on 3,000 acres of land they currently own in Jefferson County.

The County continues to work with industry leaders, the Texas Workforce Commission, Lamar Institute of Technology, Lamar University and non-profit groups to supply a workforce able to handle the growing labor needs of the County. This is especially critical given the interest of the international community in locating facilities in our county.

Hotel/Motel Tax – The County collects a 2% hotel occupancy tax from Jefferson County hotels. This tax has generated over \$900,000 annually enabling the County to enhance tourism in the area by funding a variety of events and projects. The County funds the operational cost of the Ben J. Rogers Regional Visitors' Center with revenue from the Hotel/Motel Tax.

Airport Development – The County, area Chambers of Commerce, and other business leaders were successful in working with American Airlines to secure direct flights to the Dallas area to enhance the Airport's operations and link Jefferson County to worldwide destinations. Airport facility renovations are continual as part of the Airport's master plan approved and funded by the FAA.

Transportation Infrastructure – *Provide adequate funding for County infrastructure.*

Sabine-Neches Waterway - The County has participated in a study by the U.S. Army Corps of Engineers into the feasibility of deepening the Sabine-Neches waterway. This

will allow ports in Southeast Texas, the fourth largest in the nation, to accommodate newer deep draft vessels and thus remain competitive with other ports on the Gulf Coast. Recently, the U.S. Army Corps of Engineers issued their “Chief’s Report” which paves the way for federal funding of this project. The U S House and Senate recently passed legislation which was signed by the President authorizing the construction of the waterway improvements at a cost in excess of \$1 billion. Congressional appropriations for the project are expected shortly.

Coastal Protection – *Provide protection of the County’s natural resources.*

Protection measures – Hurricane Ike destroyed the beach dune system along the 20 miles of Jefferson County coastline. As a result, the 62,000 acres of marsh in Jefferson County are being continually assaulted by normal saltwater tidal changes which will destroy the marshes’ regenerative growth. This marsh area is critical economically, environmentally, and recreationally, and acts as a significant buffer against hurricane related tidal surges. Jefferson County has partnered with the U.S. Fish & Wildlife service, the Texas General Land office, Texas Commission on Environmental Quality, and Texas Parks & Wildlife department to address dune restoration issues. Jefferson County is currently working with State and Federal officials to leverage BP Oil Spill funding for coastal restoration projects. Thus far state and federal resources in excess of \$12 million are currently being employed to address the issue and both state and federal officials are committed to further funding.

Organizational Development & Improvement - *Improve services to our citizens through development of employees within the County.*

Services – The County also intends to continue examining our business processes and use of technology to insure that citizen’s needs are addressed in the most efficient and cost-effective manner possible.

Strategic Planning and Performance Measures – The County has created a strategic planning committee for enhanced long term budget planning including long range capital projects planning. They have developed a vision statement and mission statement. They are continuing to work on developing a strategic plan that will also help to a model of performance measures to assist with the budget process.

Vision Statement:

Jefferson County is proudly committed to ethically delivering efficient, responsive services which enhance the quality of life for all of our citizens.

Mission Statement:

Jefferson County Elected Officials and Employees will carry out our duties while respecting citizens and business entities by maintaining fiscal responsibility, demonstrating accountability, and allocating resources in a fair and equitable manner.

Revenues by Source - All Funds Summary
Fiscal Year 2015-2016

Property taxes are expected to decrease by about \$1.9 million for 2015-2016. This decrease is due in large part to declines in oil prices and declines in industrial values in association with the uniform and equal provision of the Texas Constitution. The County is hopeful that legislation will be passed to help bridge the gap between market values and appraised values for these commercial and industrial properties. This amount is based on a net taxable value of \$24,905,432,113 and an adopted tax rate of .365¢. The County is anticipating a 98.5% collection rate for this budget year. Despite this current decline, net taxable values are still up by about 8% over the past five years as a result of increased commercial development.

Sales taxes collections are budgeted at \$25,025,000. The County collects ½ cent on all taxable sales within the County. The ½ cent sales tax was adopted in 1989. Also, the County collects sales tax on alcoholic beverages. The County collects a 2% hotel occupancy tax from area hotels. This tax is used to fund the Ben J. Rogers Regional Visitors' Center as well as tourism grants.

Taxes typically make up about 85% of all revenues for the County. Please refer to page 24 for a ten year historical account of Tax Revenues by Source.

Fees represent the third largest source of revenue for the County. Fees are anticipated to remain relatively flat. Fees include all departmental fees. Fees depend on the provisions of state law, and are usually mandatory, but occasionally are optional with the approval of Commissioners' Court. Revenues from this source depend on collections by departments, the actions of courts, incidence of offenses, and various other external factors. The County uses historical trends of actual revenue collections to estimate for the current year with making adjustments for any changes in the fee schedules.

Road and Bridge Fees are generated from a \$10 annual assessment at the time of license tag renewal. The Road and Bridge precincts utilize these funds for road construction and maintenance of roads as stipulated by the Texas statutes.

Auto registration fees represent the County's portion of the annual renewal fees for State auto registration. Based upon Chapter 152 of the State Tax Code this fee provides funding for construction, maintenance, bridge construction, purchases of right-of-way, and for relocation of utilities.

Other revenues are made up of licenses, sales, intergovernmental revenue, fines and forfeitures, interest, and other miscellaneous items. The County uses historical trends of actual revenue collections to estimate for the current year with making adjustments for any changes in circumstances or rates such as interest rates.

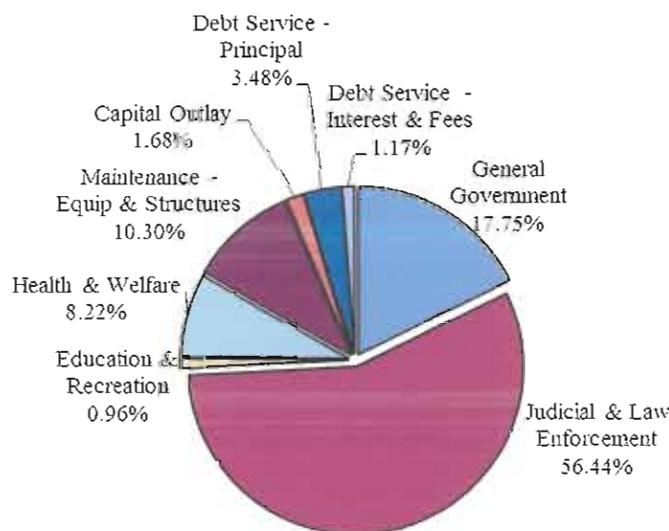

EXPENDITURES

Jefferson County’s budgeted expenditures for the General Fund, Debt Service Fund, and Special Revenue Funds are derived as follows (excluding other uses):

Expenditures - All Funds Summary
Budgeted for Fiscal Year 2015-2016

General Fund expenditures make up 90.2% of total budgeted expenditures, while Debt Service make up 4.4% and Special Revenue funds make up 5.4% percent. The majority of the total increases from the 2014-2015 approved budget year to 2015-2016 is related to the General Fund and will be discussed below.

GENERAL FUND

The General Fund is used to account for the general governmental operations of the County. Included in these activities are budgets for the general government, judicial and law enforcement, education and recreation, health and welfare, maintenance of buildings and structures, capital outlay, and special purpose funding. Expenditures for fiscal year 2015-2016 including “transfers out” and contingency appropriation are approved at \$123,408,154. Revenues including “transfers in” are estimated at \$113,455,177.

Property Taxes represent 66.5% of the revenues generated by the General Fund. In 2015-2016 the budgeted property taxes for the General Fund is expected to decrease by \$1.4 million from the prior year’s budget. This decrease is due in large part to declines in oil prices and declines in industrial values in association with the uniform and equal provision of the Texas Constitution. The County is hopeful that legislation will be passed to help bridge the gap between market values and appraised values for these commercial and industrial properties. Budgeted property tax revenue for 2015-2016 is \$75,469,344 for the General Fund.

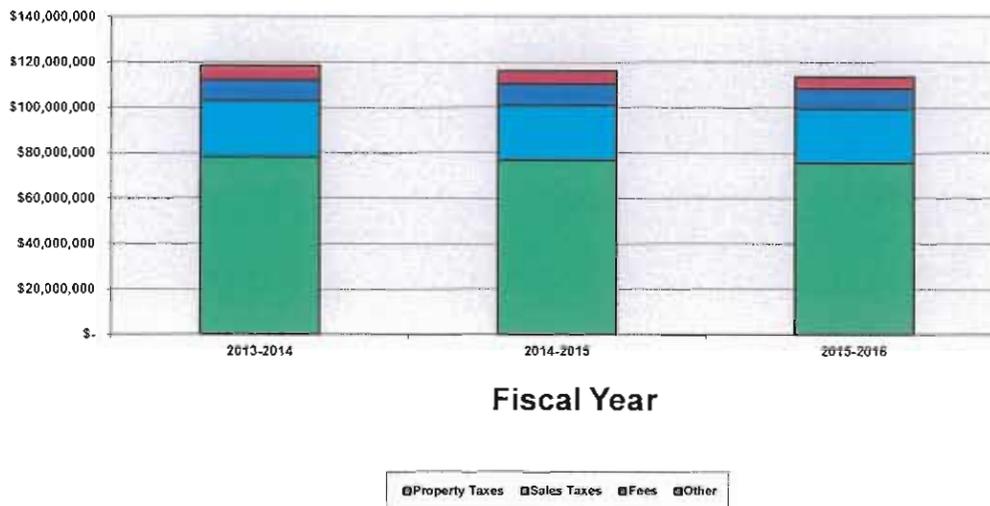

Budgeted sales tax revenue for 2015-2016 is \$23,925,000 which represents 21.1% of the revenues generated by the General Fund. Revenue from Sales taxes appears to have stabilized after recent industrial expansions. The County anticipates revenue from Sales taxes to maintain their current levels for the 2015-2016 budget year.

Fees collected by the County account for 7.8% of the General Fund revenues. Estimated revenues for fees are budgeted at \$8,805,100. Fees are expected to remain relatively flat with the prior year’s budget.

Other revenue sources include intergovernmental revenue, contractual payments on the housing of inmates for area cities, and interest revenue. Other revenue sources accounts for 4.6% of the budgeted General Fund revenues. Estimated revenues for other revenue sources are budgeted at \$5,255,733. Other revenue sources are expected to remain relatively flat with the prior year’s budget.

The following graph shows the relationship of the major revenue sources for fiscal year 2013-2014 through 2015-2016:

General Fund (Revenues)

Expenditures budgeted for the 2015-2016 fiscal year total \$123,408,154 including contingency appropriation and “transfers out”.

General Fund Expenditures by Category

	Percentage of Budget	Approved 2014-2015	Approved 2015-2016	Percentage Change
Personnel Services	68.37%	\$ 82,556,778	\$ 84,378,283	2.21%
Operating Expenditures	26.44%	32,664,745	32,621,655	-0.13%
Capital Outlay	0.93%	2,033,889	1,144,945	-43.71%
Special Purpose Funding	4.26%	5,226,206	5,263,271	0.71%

Personnel services include salaries, wages, and fringe benefits of Jefferson County employees. This budget has an addition of one position for 2015-2016. A two percent salary increase for all employees will increase personnel services approximately \$1.4 million. The majority of the remaining increase is due to a seven percent increase in employees’ health insurance.

Operating expenditures include all materials and supplies, maintenance and utilities, and miscellaneous services. Departments were diligent in maintaining their budgets as closely to current levels as possible. This area is remaining relatively flat with the prior year’s budget.

Capital outlay, which includes all capital equipment purchases over \$5,000 made by the County, decreased by \$888,944. The County will be replacing or purchasing necessary equipment including several vehicles for the Constable’s offices and continued vehicle replacement for the Sheriff’s office and other offices as needed. Other capital outlay needs, will be purchased with other funding including grants, where available.

Special Purpose Funding is used to account for expenditures that are non-operational in nature or do not specifically belong to a department. It consists of contingency appropriations and "transfers out". This budget year the following transfers are budgeted: Ford Park - \$2,182,945, Jack Brooks Regional Airport - \$1,737,746, and County match for Grant funds - \$972,580. Contingency appropriations are budgeted at \$370,000.

In 2015-2016, the County will anticipate utilizing \$9,952,977 of the General Fund reserves to balance the operating requirements of the County. The County's ending available fund balance will be 28.1% of budgeted expenditures which complies with the County's fund balance policy. The amount that the County will utilize of the General Fund reserves will be used to fund capital outlay and special purpose funding.

General Fund Expenditures by Function

	Percentage of Budget	Approved 2014-2015	Approved 2015-2016	Percentage Change
General Government	19.56%	\$22,659,668	\$22,891,719	1.02%
Judicial & Law Enforcement	59.42%	68,388,670	69,522,685	1.66%
Education & Recreation	0.35%	402,359	407,274	1.22%
Health & Welfare	9.25%	10,631,365	10,822,599	1.80%
Maintenance - Equipment & Structures	11.42%	13,139,461	13,355,661	1.65%

General Government increase is mainly due to the two percent salary insurance for all employees and increase in employees' health insurance rates. General Government is made up of the administrative functions of the County including the Tax office, Auditor's Office, County Clerk, County Treasurer, Purchasing, MIS, and others.

Judicial and Law Enforcement increases are in large part due to the two percent salary increase to all employees and increases in employees' health insurance rates. Other increases in this area are due to contractual items.

The Education and Recreation Division increase is due to the two percent salary increase to all employees and increases in employees' health insurance rates. One position was added to the Agriculture department at a net zero change by reducing extra help. The only department for this division is the Agriculture Extension Service which offers the citizens of Jefferson County access to a wealth of knowledge and experience on agricultural topics.

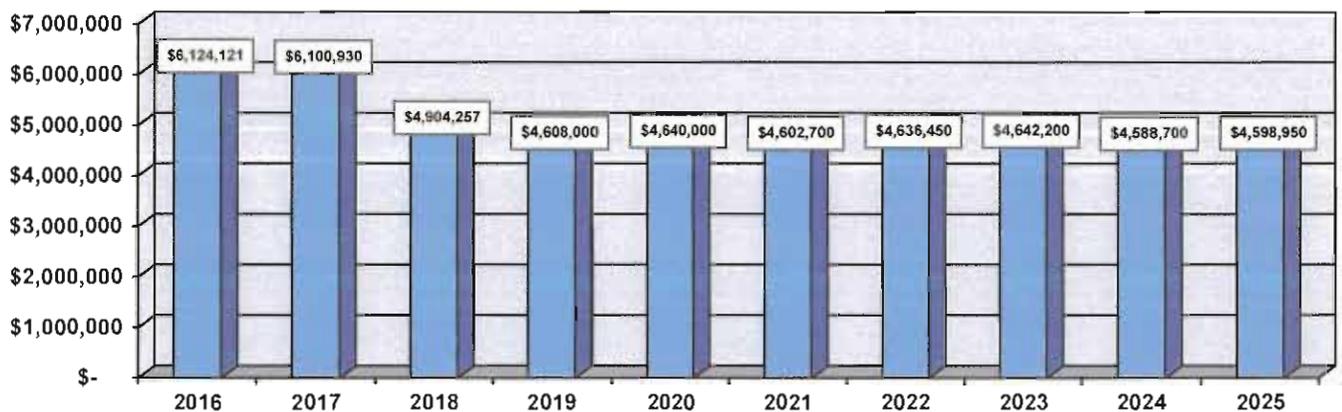

Health & Welfare increase is mostly due to the two percent salary increase to all employees and increases in employees' health insurance rates. This division provides health care for the indigent citizens of the County, support of the child protective services of the State of Texas, mosquito control practices throughout the County, emergency management, and environmental control functions for the County.

Maintenance – Equipment & Structures increase is due to the two percent salary increase to all employees and increases in employees' health insurance rates. This division is responsible for the maintenance and operation of all County facilities and roadways.

DEBT SERVICE FUND

The Debt Service Fund is a legally restricted fund utilized to account for revenues recognized to liquidate the debt service requirements for the County's debt. This income is primarily earned through the allocation of property taxes to the fund.

Debt Service Requirements Next 10 Years

At October 1, 2015, the County has debt issues outstanding of \$40,660,000. Revenues are budgeted at \$5,499,466 for 2015-2016, of which 99.8% comes from the allocation of property taxes. The remaining portion of funding to debt service is interest. Expenditures of \$6,136,121 are budgeted to meet the current debt service requirements. The County does not have any plans to issue additional debt for 2015-2016 fiscal year.

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for revenues allocated for restricted purposes as specified by statute. The County's funds are comprised of revenues generated from road fees, confiscated goods, security fees, contributions, and other sources. Revenues for 2015-2016 are budgeted at \$6,819,151 and expenditures are budgeted at \$7,615,698. Some items that will benefit the County are: the continued maintenance and operation of the County Clerk's imaging system, installation of an imaging system in the District

Clerk's and District Attorney's office, and implementation of the Texas Supreme Court e-file mandate in all courts. These systems will reduce the paperwork and create efficient ways to review the documents these offices manage. The County Clerk will also be working on a preservation project for records prior to 1990. The Marine Division is classified as a Special Revenue Fund since it is fully funded by the Sabine Neches Navigation District. The Marine Division provides law enforcement presence on the navigable waterways, terminals, and ship channels of the County. The ASAP program is also classified as a Special Revenue Fund since it is fully funded by Port Arthur Independent School District to provide law enforcement personnel to help the school district with truancy issues. Also, Courthouse security will continue to be a high priority. Finally, the Ben J. Rogers Regional Visitors' Center is fully functioning and the Hotel Occupancy Tax Fund will continue to fund the operations.

CAPITAL PROJECTS

The County maintains an ongoing capital improvement program. General government capital improvements have been funded by a combination of bond proceeds, general fund transfers, and state grants. The main focus of the County's capital improvement program is related to Transportation, General Government Buildings, Quality of Life, and Environmental Infrastructure.

Expenditures of \$5,262,246 are estimated for projects in the 2015-2016 fiscal year. All of the funding for these expenditures has already been transferred to the Capital Project funds and will not require additional funding during the 2015-2016 fiscal year. As other projects are identified, the County could use available fund balance above the minimum fund balance policy to budget transfers in futures years in order to minimize debt issuances. The current expenditures will impact the County on several levels including:

Transportation Infrastructure – The County has deemed this program a priority to ensure that roadways and bridges are safe and reliable to handle the increased traffic flow in the rural areas. The County has completed funding for capital improvements to bridges as part of a systematic bridge replacement program.

The projects on Labelle Road and Sulphur Plant Road will increase road infrastructure. It will allow more access and wider roadways for the traffic that travels within the County, and open up land for development that was previously inaccessible. The County is partnering with the Texas Department of Transportation (TXDOT) to modify and expand the County's rural roads. By partnering with TXDOT, the County can leverage the local taxpayer's dollars with Federal and State funding to provide a higher grade of roadway.

General Government Infrastructure – Several projects are funded in 2015-2016 for the repair, maintenance, and remodel of County buildings. These projects will increase the stability and soundness of the buildings, and assure their continued use in the future.

In the category of General Government, the largest project will be the restoration of the County's Historical Courthouse. The County has developed a seven phase approach to repairing and restoring the County Courthouse. Due to water intrusion, the exterior and the interior of the Courthouse has been severely damaged by water and termites. The County has completed Phases I thru IV of the project by replacing the Courthouse roof, exterior windows, and masonry to its historical equivalent built in the 1930's. Phase V consisting of rehabilitation to the basement and first floor began in fiscal year 2014-2015 and will be completed by March 2016. The County will utilize approximately \$6.5 million to complete this phase over two fiscal years. The County will consider a phased-in approach utilizing available fund balance for completing this restoration project.

Quality of Life – Jefferson County has vast resources to draw from in the form of recreational activity for its residents and visitors. One area the County is investing in is recreational fishing along the estuaries of the Gulf of Mexico. The County has a long term project to partner with the Texas Parks and Wildlife Department to develop a portion of land that borders the Keith Lake Fish Pass. This fish pass provides excellent salt water fishing due to significant tidal flow changes through the pass. The County will provide parking and picnic grounds along with a boat launch. Residents and visitors will be able to picnic and fish along the banks of the fish pass on concrete bulk heading and sidewalks.

Environmental Measures – The County has been working towards a resolution to re-open Highway 87 from Sea Rim Park to High Island. This twenty-five mile stretch of Highway runs along the Gulf of Mexico and has been closed since the late 1980's. As part of this long term project, the County has funded various environmental studies regarding shoreline erosion, sand source feasibility, and wetlands mitigation. The County is estimating to spend \$418,274 in 2015-2016 to fund these studies. The County is allocating \$1,036,448 from available funds to enhance the marsh growth along the County coastline. The County is incurring engineering and design cost to place a siphon under the Intracoastal Canal in order to provide freshwater to the marsh area currently being inundated with salt water. The County will need Federal or State funding for this project as the total cost to relocate and rebuild this stretch of highway would not be economically feasible for the County.

ACKNOWLEDGMENTS

Acknowledgments The dedicated service and hard work of the entire staff of the Auditor's Office achieved the preparation of the 2015-2016 Annual Operating Budget. Sincere appreciation to the elected and appointed officials for their cooperation in completing this budget in a timely manner is also warranted. Commissioners' Court is also commended for exercising fiscal responsibility in their deliberations in setting the expenditures for the proposed fiscal year.

BUDGET POLICY & PROCEDURES

The overall goal of the County's budget policy and procedures are to establish and maintain effective management of the County's financial resources. Formal policy statements and major objectives provide the foundation for achieving this goal. Accordingly, this section outlines the policies and procedures used in guiding the preparation and management of the County's overall budget and the major objectives to be accomplished.

The County follows the policies below in establishing the budget.

Guidelines

- ⌘ The budget will be prepared in such a manner as to facilitate its understanding by citizens of the County, elected officials, and employees.
- ⌘ Financial information systems will be maintained to monitor operations of the County on an ongoing basis. Also, the accounting and financial reporting systems will be maintained in compliance with current generally accepted accounting principles.
- ⌘ The Auditors' Office will review all departmental budgets to identify possible increases or reductions, and will analyze all budget requests in detail.

Interim Financial Reporting

- ⌘ Commissioners Court and all Departments will be provided with monthly budget reports comparing actual versus budgeted revenue and expense activity.

Balanced Budget

- ⌘ The budget will be structurally balanced; total expenditures do not exceed total resources, or total estimated revenues plus reserves. The County will avoid budgetary procedures that balance current expenditures at the expense of meeting future years' expenses, such as postponing expenditures or accruing future year's revenues.

Capital Improvement Policies

- ⌘ The budget will provide for adequate maintenance of capital, infrastructure, equipment, and for their logical replacement. No “carryover” capital outlay will be budgeted unless specifically approved by Commissioners’ Court during the current year’s budget hearings.
- ⌘ The County will establish an appropriate mix of general fund transfers, state grant funds, and general obligation debt in the funding of capital projects.

Debt Management Policies

- ⌘ The County will confine long-term debt to capital improvements or projects that cannot be financed from current revenues.
- ⌘ The County will not use long-term debt for current operations.
- ⌘ The County will strive to have the final maturity of general obligation bonds at, or below thirty years, and within a period not to exceed the estimated useful life of the project.

Fund Balance Policies

- ⌘ The County will strive to maintain an unreserved, available fund balance of approximately 15% of budgeted expenditures for the General Fund. Fund balance for Debt Service funds will be maintained according to debt covenants, usually 1/12th of the next year’s debt principle payment requirements. Fund balance for Special Revenue funds will be maintained to ensure a positive fund balance for the individual funds.
- ⌘ It is the intent of the County to use excess available fund balances above the 15% to help fund capital replacement and capital projects in order to reduce the need for future debt.

Investment Policies

- ⌘ These Investment Policies apply to the investment of short-term operating funds of the County in excess of those funds required to meet current expenditures. Topics included in the investment policy are quite detailed and include information of Strategy, Scope, Objectives and Priorities, Responsibility and Control, Reporting, Institutions, Instruments, Procedures, Collateral and Safekeeping, and Policy Review and Amendments. The

complete policy can be reviewed in the separate Investment Policy Manual maintained by the Treasurer's office.

Capital Asset Procedures

- ⌘ Capital assets include buildings, roads, bridges, equipment, computers, furniture, and vehicles. Jefferson County's monetary criteria is \$10,000 or more and with a useful life of more than one year. Once purchased, all capital assets are maintained in the physical inventory until disposed.

The County follows the procedures below in establishing the budget.

- ⌘ Jefferson County's fiscal year begins on October 1st each year and ends on September 30th. The budget process for each upcoming fiscal year begins in May with the preparation of Budget Workpapers which are distributed to all County Departments. Each department is asked to project their financial requirements for the upcoming year. The Budget Workpapers are a guide for initial budget requests.
- ⌘ Departmental annual budget requests are then submitted by the Department or Agency Head to the County Auditor in June. The County Auditor compiles the initial requests and in July, budget hearings are held for each department. Commissioners' Court, which includes the County Judge and the four County Commissioners oversee the Budget Hearings. These hearings give Department Heads the opportunity to discuss with Commissioners' Court any changes in their budget, and items that are a priority. The public is invited to attend all budget hearings, which are posted according to the Open Meetings Act.
- ⌘ In conjunction with compiling departmental budget requests, the County Auditor prepares an estimate of available resources in each fund for the upcoming fiscal year. Expenditures budgeted in the various funds may not exceed the fund balances as of the first day of the fiscal year plus the anticipated revenue for the year as estimated by the County Auditor.
- ⌘ In September, the County Auditor prepares the proposed annual operating budget to be presented to the Commissioners' Court for their consideration. The budget represents the financial plan for the new fiscal year. Public hearings are held on the proposed budget.
- ⌘ The Commissioners' Court must adopt an annual operating budget by a majority vote of the Commissioners' Court before October 1. The adopted budget must be balanced; that is, available resources must be sufficient to

support annual appropriations. Accountability is then required for operations to remain within available resources.

- ⌘ The department is the legal level of budgetary control. Total expenditures cannot exceed the final appropriation once the budget has been adopted. Commissioners' Court can amend the total appropriations for an individual department. To comply with expenditure limitations, when one department's total appropriation is increased, another department's appropriation must be reduced by an equal amount. Commissioners' Court may also approve the transfer of appropriations within funds. All such amendments require Commissioners' Court approval.
- ⌘ The County uses funds to report its financial position and results of its operations. Funds for budget purposes are classified as Governmental and Fiduciary. Governmental Funds are used to account for the majority of the County's general activities, including the collection and disbursement of earmarked monies (Special Revenue Funds), the acquisition or construction of general fixed assets (Capital Projects Funds), and the servicing of general long-term debt (Debt Service Funds). The General Fund is used to account for all activities of the County not accounted for in any other fund. Proprietary Funds are used to account for activities similar to those found in the private sector (Enterprise Funds), where the determination of net income (loss) is necessary and/or useful to sound financial management.
- ⌘ Annual budgets are legally adopted for the General Fund and Debt Service Fund. Budgets for Special Revenue Funds are established pursuant to statute guidelines, and budgets for Capital Projects are established on a project basis. Enterprise funds have submitted estimated net loss. The amount of the annual subsidy needed for the Enterprise funds are budgeted in the General Fund as a transfer.
- ⌘ All transactions affecting the acquisition and disposition of anything of value by the County are recorded in detail in the accounting system adopted by the Jefferson County Auditor.
- ⌘ The budgets of general government type funds (i.e. General Fund and Special Revenue Funds) are prepared on the modified accrual basis. Briefly, this means that obligations of the County are budgeted as expenditures, but revenues are recognized only when they are measurable and available.
- ⌘ Encumbrance accounting is used for all funds. Encumbrance accounting means that an estimated cost is recorded on the books at the time of an order of goods and services so that all obligations are booked. When the actual

cost is known, it is booked, and the encumbrance is reversed. All encumbrances lapse at year-end for all budgeted funds.

- ⌘ The Comprehensive Annual Financial Report (CAFR) shows the status of the County's finances on the basis of "generally accepted accounting principles" (GAAP). The CAFR and the budget are prepared on a basis consistent with GAAP using the modified accrual basis.

- ⌘ The budget document does not include Enterprise Funds, Internal Service Funds, and Special Revenue Funds that are grants. Grants are restricted for specific purposes. Because grants are presented to Commissioners' Court throughout the year and some run on different fiscal years, the grant budgets and accountings are maintained separately from this document.

GENERAL GOVERNMENT

General Government includes the Tax Assessor-Collector, Human Resources, County Auditor, County Clerk, County Judge, Risk Management, County Treasurer, Printing, Purchasing Agent, General Services, Management Information Systems, and Veterans Services.

Tax Assessor Collector – main duties are to assess and collect property taxes; to issue certificates of title and license plates for motor vehicles and trailers. Elected for a four-year term by the voters of the County.

Human Resources – main duties are to provide staff support services for personnel administration. The personnel administration function includes obtaining qualified applicants to fill various job vacancies, maintaining equitable and competitive compensation practices, providing consultation to all departments on personnel related issues, reviewing and/or resolving employee concerns, grievance and appeals, ensuring compliance with federal and state laws, and developing/interpreting policy.

County Auditor – main duties are to act as the chief financial officer of the County; responsible for substantially all County finance and accounting control functions. Such functions include auditing, accounting systems design, financial planning, financial relations, and payroll.

County Clerk – main duties are to serve as clerk for both Commissioners' Court and County Courts; responsible for filing, indexing, and recording all legal instruments affecting real property titles; recording security instruments, births and deaths, and issuing marriage licenses. Elected for a four-year term by the voters of the County.

County Judge – main duties are: presiding officer of the Commissioners' Court; judge of the Probate Court; handles hearings on admittance to state hospital for the mentally ill and mentally challenged; and is head of civil defense and disaster relief. Elected for a four-year term by the voters of the County.

Risk Management – provides staff support services for benefits and risk administration. The benefits function includes administering the health and dental plan for the County, workers' compensation program, safety program, and retirement program.

County Treasurer – duties include receiving all money collected by the County, investing County revenue, paying and applying County funds as directed by the Commissioners' Court, and signing all County checks. Elected for a four-year term by the voters of the County.

Printing – provides support in the printing of all stationery, court dockets, Comprehensive Annual Financial Report, and the Annual Budget of the County.

Purchasing Agent – responsible for the procurement of goods, materials, and services for all departments and offices of the County. The department recommends award of bids to Commissioners' Court and administers bids and various contracts. The Purchasing Agent is also in charge of reviewing all requisitions, making proper buying decisions and processing purchase orders for same.

General Services – provides accounting control for expenditures of the County that are not allocated to specific departments.

Management Information Systems (M.I.S.) – provides all County departments with computer based systems support. This includes analysis of manual and automated procedures and the feasibility of implementing data and word processing systems. M.I.S. is also the interface between departments and users in the operation of systems. The department is responsible for the ongoing evolution of County-wide data systems.

Voters Registration Department – provides accounting for expenditures associated with the Tax Assessor Collector's responsibility to issue voter registration applications and certificates; and to compile election poll lists.

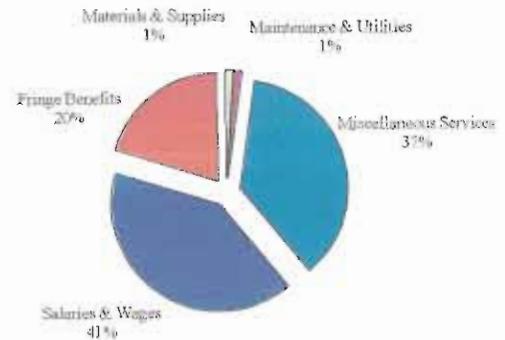

Elections Department – provides accounting for expenditures associated with the County Clerk's duties to provide general supervisory authority over all elections held within the County.

Veterans Services Office – develops and submits claims for benefits to the Department of Veterans Affairs for disability compensation, pension, death pension, medical benefits, burial benefits, insurance, education, home loans, records requests, and various benefits through other government agencies.

JUDICIAL & LAW ENFORCEMENT

Judicial & Law Enforcement includes Pre-Trial Release, District Attorney, District Clerk, District Courts, Jury, Justices of the Peace, County Courts at Law, Court Master, Dispute Resolution Center, Juvenile Alternative School, Community Supervision, Sheriff, Crime Laboratory, Jail, Juvenile Correctional Probation, Juvenile Detention Home, Constables, and County Morgue.

District Attorney – responsible for the prosecution of felony and misdemeanor criminal cases in the County; serves as legal advisor to Commissioners' Court and other County officials. Elected for a four-year term by the voters of the County.

District Clerk – duties revolve around the District Courts; specifically serves as legal record keeper for all documents filed in District Courts. Elected for a four-year term by the voters of the County.

District Courts – serve as trial courts of general jurisdiction of Texas. The geographical area served by each court is established by the Legislature, but each County must be served by at least one District Court. District Courts have original jurisdiction in all felony criminal cases, divorce cases, cases involving title to land, election contest cases, civil matters in which the amount in controversy (the amount of money or damages involved) is \$200 or more, and any matters in which jurisdiction is not placed in another trial court. There are eight District Courts in Jefferson County: Criminal, 58th, 60th, 136th, 172nd, 252nd, 279th, and the 317th. Elected for a four-year term by the voters of the County.

Jury – department responsible for expenditures related to selection of the petit and grand juries seated in Jefferson County.

Justice of the Peace – presiding officer over the Justice and Small Claims Court; courts have original jurisdiction in Class C misdemeanor criminal cases, which are less serious minor offenses; courts have jurisdiction over minor civil matters; may issue search or arrest warrants; serve as the coroner in Jefferson County. There are seven Justice of the Peace Courts in Jefferson County. Justices of the Peace are elected for a four-year term by the voters of the County.

County Courts at Law – legal jurisdiction varies considerably and is established by statute, which creates the particular court. The jurisdiction of statutorily created County Courts at Law is concurrent with the jurisdiction of the County and District Courts in the County. There are three County Courts at Law in Jefferson County. Judges are elected for a four-year term by the voters of the County.

Court Master – is allocated all expenditures associated with the Drug Impact Court of Jefferson County.

Dispute Resolution Center – responsible for working with individuals, families, community groups, government agencies, and businesses to assist them in resolving conflict. Through the use of constructive means like mediation and facilitation, the Center has helped in thousands of matters to prevent the need for costly litigation, or escalation to the point of violence.

Sheriff's Office – diversified in its responsibilities by statute. The Sheriff provides security for the Courthouse. The Sheriff is responsible for prisoner transportation. Civil Warrants, Writs of Execution, Levies on and Posting of Property, and the sale of Real Property after foreclosure proceedings are functions which most people associate with the Office of the Sheriff. The Sheriff also oversees the following: The **Juvenile Alternative School** is allocated all expenditures associated with the security of the alternative school. The **Crime Lab** is allocated all expenditures associated with the examination of crime scene evidence in Jefferson County. The **Jail** is allocated all expenditures associated with the operation of the Jefferson County Correctional Facility. Elected for a four-year term by the voters of the County.

Community Supervision – represents maintenance and equipment expenditures mandated by the state to be provided to the Adult Probation Department.

Juvenile Probation and Juvenile Detention Home – represents all operating expenditures for the Jefferson County Juvenile Probation Department and Detention Facility.

Constables – are constitutionally authorized peace officers elected by precinct. While they may perform patrol functions and make criminal investigations, the main duty of most Constables is to serve as executive officer of the Justice of the Peace Courts. Constables serve subpoenas and other papers. Elected for a four-year term by the voters of the County.

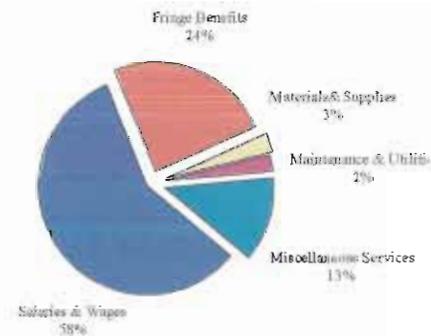

County Morgue – responsible for costs of laboratory and pathological services (autopsies) in Jefferson County.

HEALTH & WELFARE

Health & Welfare includes Health & Welfare Units 1 and 2, Nurse Practitioner, Child Welfare, Environmental Control, Indigent Medical Service, Mosquito Control, Emergency Management, and Tobacco Settlement.

Health & Welfare Units 1 & 2 – responsible for the public health of all County citizens within the framework of County government. Provides medical care, mental health, and protective services for indigent care individuals and families. Cooperates with other community health providers, concerned citizens, and committed volunteers who help achieve its mission. Unit 1 is located in Beaumont, and Unit 2 is located in Port Arthur.

Nurse Practitioner – responsible for the County's in-house employee health care program. The Nurse Practitioner's primary function is preventive health care for all Jefferson County employees. This includes diagnosis and treatment of employees and their dependents.

Child Welfare – represents allocated expenditures that are associated with the County's support of the child protective services of the State of Texas.

Environmental Control – responsible for an integrated management program with elements designed to safeguard the quality of water supplies, to protect the groundwater resource from non-potable elements and contaminants, minimizing the impact of need residential, commercial and industrial development, and to promote water conservation. Environmental Control also identifies the best means of sewage collection, treatment and disposal; oversees new construction; issues State-mandated permits for industrial waste, sewage treatment plants and large-volume sewage discharges, and inspects and enforces permit conditions.

Indigent Medical Service – represents the expenditures incurred for outside medical and prescription service associated with the indigent population of Jefferson County.

Mosquito Control – represents expenditures associated with the control of mosquitoes in the County. By significantly reducing the mosquito population, the event of epidemic disease from occurring is reduced.

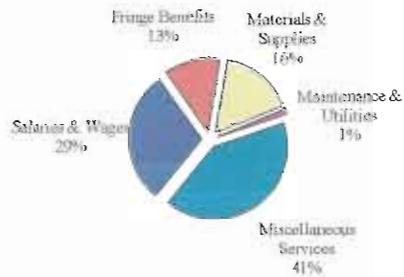

Emergency Management – responsible for the support systems and other statutory functions to help individuals and the community prepare for disasters regardless of the cause.

Tobacco Settlement – represents expenditures for special indigent health related services using tobacco settlement proceeds.

MAINTENANCE – EQUIPMENT & STRUCTURES

Maintenance – Equipment & Structures includes Courthouse & Annexes, Port Arthur Buildings, Mid-County Buildings, Road & Bridge Precincts, Engineering, Parks & Recreation, and Service Center.

Courthouse & Annexes, Port Arthur Buildings, and Mid-County Buildings – responsible for building services of Jefferson County. These departments direct activities associated with building maintenance and communications. Building Maintenance is responsible for structural maintenance and repair of the County's buildings, including electrical, heating, air conditioning, roofing, and mechanical systems. Communications includes the maintenance of the County's internal telephone system.

Road & Bridge Precincts – represents the expenditures associated with the maintenance of the County roads. There are four Road and Bridge Precincts, which are governed by the elected Commissioner of each precinct. Each Commissioner is elected to a four-year term by the voters of each precinct, and serves with the County Judge to make up the Commissioners' Court.

Engineering – responsible for the acquisition of land and the design and construction of capital improvement projects involving roadways, bridges, drainage systems, and buildings. Engineering updates and maintains the various maps and files of County owned properties and ROW, and manages inter-local agreements for engineering and construction projects. This department provides survey work for the County.

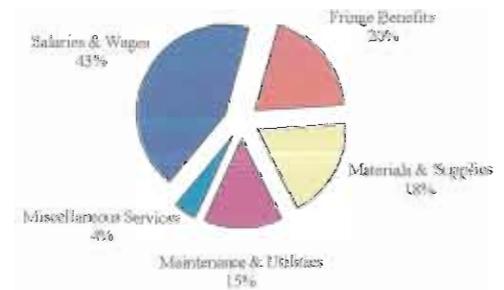

Parks and Recreation – represents expenditures associated with maintenance of the County parks, boat ramps, and beach cleaning.

Service Center – represents expenditures associated with maintenance of all County owned vehicles.

**Bonds Issued Under Article III,
Section 52 of the Texas Constitution:**

The County is authorized under Article III, Section 52 of the State Constitution to issue bonds payable from ad valorem taxes for the construction and maintenance of roads. There is no constitutional or statutory limit as to the rate on bonds issued pursuant to such constitutional provision. However, the amount of bonds which may be issued is limited to 25% of the assessed valuation of real property in the County.

UNDER ARTICLE III, SECTION 52
OF THE TEXAS CONSTITUTION

\$ 4,701,191,908

Bonds Issued Under Article VIII, Section 9:

In addition to unlimited tax bonds, the County may issue statutorily authorized bonds payable from the proceeds of a limited ad valorem tax provided for in Article VII, Section 9 of the State Constitution. Such constitutional provision provides that a County is limited to an ad valorem tax rate of \$0.80 per \$100 of assessed valuation for general fund, permanent improvement fund, road and bridge fund, and jury fund purposes.

Certain of the County's bonds payable from such limited tax may be issued under the provisions of Government Code 1301.003 (c). The principal amount of all bonds which may be issued under the provision of such Code is limited in the aggregate to 5% of the assessed valuation. The debt limit under Government Code 1301.003 (c) is approximately \$1,245,271,606 compared to applicable bonds outstanding at October 1, 2015 of \$40,660,000.

CAPITAL PROJECTS

2015-2016

Courthouse Restoration

This project is part of the County's long term plan to restore the Historical Courthouse. The 2015-2016 funding of \$1,308,539 is the available funding to complete the restoration of the Commissioners Courtroom and the 317th District Courtroom. A portion of this balance will also be available to complete the Phase V repairs to the Courthouse interior and HVAC system. Additional phases to this restoration project will likely come from utilization of available fund balance.

Shoreline Protection - The next four projects emphasize the County's commitment to Shoreline Protection for the County's natural resources. The County's shorelines are an important component to the natural resources that citizens and visitors of the County enjoy. The protection of freshwater marshes from saltwater intrusion is necessary for the marshes continued viability.

Shoreline Protection Pleasure Island

The Pleasure Island shoreline has suffered significant erosion as the result of shipping traffic along the inter-coastal canal. The storm surge from Hurricane Ike accelerated that erosion. This project consists of funding for the construction of bulkheads on Pleasure Island. This project is a carry-over from prior budgets with \$250,000 available in funding.

Sabine to Galveston Six County Coalition

This project consists of travel and engineering expenses related to the Sabine to Galveston Shoreline Protection plan. A six county coalition made up of Jefferson, Orange, Chambers, Harris, and Brazoria, and Galveston County will be utilized to pursue Federal funding for beach erosion repairs for the upper Texas coastline. Funding in the amount of \$35,375 is budgeted for 2015-2016.

Sabine to Galveston Shoreline Protection

Project consists of continued funding for the Sabine Pass to Galveston Shoreline Protection Feasibility Study. The County has partnered with Galveston and the Corps of Engineers, to study what steps are necessary to slow down erosion along the upper Texas Gulf Coast. The available funding for this project is \$84,655 which comes from prior year transfers from the General Fund. This project is being put on hold until the effect of the storm surge from Hurricane Ike can be factored into the erosion models.

Beach Erosion and Dune Restoration

This project consists of engineering services to analyze the damages to the shoreline and dunes as a result of the storm surge from Hurricane Ike. Engineers will provide detailed analysis to aid the County in securing funding for large scale dune restoration from Sabine Pass to High Island. This project has carry-over funding in the amount of \$48,244 to complete this analysis.

Labelle Road

The County has been acquiring right of way along Labelle Road from State Highway 124 to FM 365. This right of way acquisition is necessary for the widening and realignment of Labelle Road as it intersects with State Highway 124. The County will partner with Texas Department of Transportation to fund the reconstruction of this roadway. Funding of \$1,380,833 is allocated to complete this project.

Sulphur Plant Road

This project consists of rehabilitation of Sulphur Plant road located in Precinct 4. Funds in the amount of \$74,555 which were transferred from Road and Bridge Precinct # 4 in prior years are available to complete this project.

Storm Water Permitting

This project is for engineering cost associated with the Storm Water Permitting Project. This project will complete our Storm Water Pollution Plan to be approved by the State of Texas. Funding in the amount of \$15,000 is available for 2015-2016.

Security Measures-Mid County/Port Arthur

This project is for enhanced security measures at the Mid County and Port Arthur offices as part of the County's commitment to provide a safer work environment. Funding of \$40,000 from prior transfer from the General Fund is available for 2015-2016.

Ford Park 2014/2015

This project is will provide funding for repairs to seating and lighting in the Arena/Exhibit Hall and safety netting for the ball fields. All of the funding for these expenditures has already been transferred from the General Fund and will not

require any additional funding for the 2015-2016 fiscal year. Funding in the amount of \$38,597 is available for 2015-2016.

Ford Park Parking Lot

This project is estimated to create 550 additional parking spaces at Ford Park. All of the funding for these expenditures has already been transferred from the General Fund and will not require any additional funding for the 2015-2016 fiscal year. Funding in the amount of \$200,000 is available for 2015-2016.

Siphon Project

This project is part of the Salt Bayou Marsh Restoration Plan to place a siphon in the southern part of the County marsh to allow for more freshwater flow and push out saltwater. This will allow for stronger regrowth of the marsh. Funding for this project is a combination of County and Texas Parks and Wildlife Grant funds. Funding in the amount of \$1,036,448 is available for 2015-2016.

Voting System Annual Payment

This project will track the annual lease payments required for the purchase of the new electronic voting system. Funding in the amount of \$370,000 is available for 2015-2016.

Juvenile Roof Replacement

This project will track the cost of the roof replacement at the Minnie Rogers Juvenile Justice Center. Funding in the amount of \$50,000 is available for 2015-2016.

Elevator Repair-Downtown Jail

This project is to allocate funding and track the expenditures required to repair and upgrade the elevator controls at the Downtown Jail Facility. Funding in the amount of \$300,000 is available for 2015-2016.

Subcourthouse Bathroom/Foundation Repair

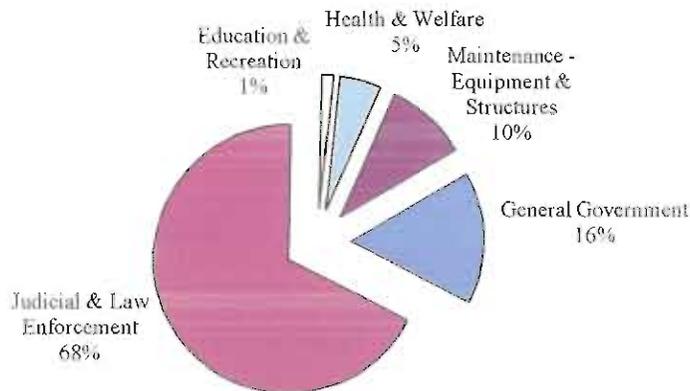

Project consists of repairs to Port Arthur Subcourthouse foundation along with bathroom repairs that will be required after the foundation is leveled. Funding in the amount of \$30,000 is available for 2015-2016.

Generally Accepted Accounting Principles (GAAP) – Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

General Obligation Bond—This type of bond is backed by the full faith, credit, and taxing power of the government.

Goal – A statement of broad direction, purpose, or intent based on the needs of the community. A goal is general and timeless.

Grants – A contribution by a government agency or other organization to support a particular function. Grants may be classified as either operational or capital and they are restricted for specific purposes. Because grants are presented to the Commissioners' Court throughout the year, the grant budgets and accountings are maintained separately from this document.

Hourly—An employee who fills a temporary or short-term position. Such employees provide contingency staffing for government operations during peak workloads or to address temporary staffing needs. Hourly employees are paid on a per-hour basis and receive limited benefits.

GLOSSARY OF TERMS

Interfund Transfers – The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue – Funds received from federal, state, and local government sources in the form of grants and shared revenues.

Levy—To impose taxes for the support of government activities.

Line-Item Budget—A budget prepared along departmental lines that focuses on what is to be bought.

Long-Term Debt—Debt with a maturity of more than one year after the date of issuance.

Mandate – A formal order from State authorities to County government to make mandatory.

Maintenance and Utilities— Expenditures made for maintenance of buildings, vehicles and equipment, and utilities such as electricity, water, and gas necessary to conduct departmental operations.

Materials and Supplies—Expendable materials and operating supplies necessary to conduct departmental operations.

Modified Accrual Basis – Revenues are recognized in the accounting period in which they become available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred.

Non-callable – A financing term referring to debt service bonds which means the bonds cannot be retired, or paid off, earlier than the due date.

Objective—Something to be accomplished in specific, well-defined, and measurable terms and that is achievable within a specific time frame.

Obligations—Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Revenue—Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Expenses—The cost for personnel, materials, and equipment required for a department to function.

Output Indicators – A unit of work accomplished, without reference to the resources required to do the work. Output indicators do not reflect the effectiveness or efficiency of the work performed.

GLOSSARY OF TERMS

Other Financing Sources – Includes transfers from other funds, sale of capital assets, insurance proceeds, bond proceeds, and other funding that is not considered to be revenue according to GAAP.

Other Financing Uses – Includes transfers to other funds and other funding that is not considered expenditures according to GAAP.

Pay-as-you-go Basis – A term used to describe a financial policy by which capital outlays are purchased from current resources rather than through borrowing.

Performance Indicators – Specific quantitative and/or qualitative measures of work performed as an objective of specific departments or programs. Data is collected to establish trend patterns concerning workloads and/or determine how effective or efficient a program is in achieving its objectives.

Personal Services—Expenditures for salaries, wages, and fringe benefits of a government's employees.

Program—A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Records Management – This term applies to the management of county records and government documents. Fees are budgeted for collection and expenses for the safeguarding of records according to the Texas Records Management Act.

Reserve—An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resolution – A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources—Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Revenue—Sources of income financing the operations of government.

Salaries & Wages – The cost of all labor related expenses required for a department to function, including but not limited to salaries, merit, cost of living adjustments, etc.

Source of Revenue—Revenues are classified according to their source or point of origin.

Special Revenue Funds – These funds are set up to keep track of segregated revenue activities.

Statute – A law enacted by the legislative assembly.

Tax Rate – A percentage applies to all taxable property to raise general revenues.

GLOSSARY OF TERMS

Tax Rate Limit – The maximum rate at which a government may levy a tax. The limit may apply to taxes raised for a particular purpose, or to taxes imposed for all purposes, and may apply to a single government, to a class of governments, or to all governments operating in a particular area. Overall tax rate limits usually restrict levies for all purposes and of all governments, state, and local, having jurisdiction in a given area.

Tax Levy—The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

Taxes—Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Transfers In/Out—Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

Unencumbered Balance – The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance—The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

User Charges—The payment of a fee for direct receipt of a public service by the party who benefits from the service.

INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners of the
Jefferson County Emergency Services District No. 1:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and the major fund of the Jefferson County Emergency Services District No. 1 (the "District"), as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund as of September 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Respectfully,

BrooksCardiel, PLLC

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended September 30, 2014

The purpose of the Management's Discussion and Analysis (the "MD&A") is to give the readers an objective and easily readable analysis of the financial activities of the Jefferson County Emergency Services District No. 1 (the "District") for the year ended September 30, 2014. The analysis is based on currently known facts, decisions, or economic conditions. It presents short and long-term analysis of the District's activities, compares current year results with those of the prior year, and discusses the positive and negative aspects of that comparison. Governmental Accounting Standards Board (GASB) Statement No. 34 establishes the content of the minimum requirements for MD&A. Please read the MD&A in conjunction with the District's financial statements, which follow this section.

THE STRUCTURE OF OUR ANNUAL REPORT

The annual financial report is presented as compliant with the financial reporting model in effect pursuant to GASB Statement No. 34. The financial reporting model requires governments to present certain basic financial statements as well as a Management's Discussion and Analysis (MD&A) and certain other Required Supplementary Information (RSI). The basic financial statements include (1) government-wide financial statements, (2) individual fund financial statements, and (3) notes to the financial statements.

Government-Wide Statements

The government-wide statements report information for the District as a whole. These statements include transactions and balances relating to all assets, including capital assets. These statements are designed to provide information about cost of services, operating results, and financial position of the District as an economic entity. The Statement of Net Position and the Statement of Activities report information on the District's activities that enable the reader to understand the financial condition of the District. These statements are prepared using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account even if cash has not yet changed hands.

The Statement of Net Position presents information on all of the District's assets and liabilities. The difference between the two is reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Other non-financial factors, such as the District's operating performance need to be considered to assess the overall health of the District.

The Statement of Activities presents information showing how the District's net position changed during the most recent year. All changes in the net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Jefferson County Emergency Services District No. 1

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended September 30, 2014

The Statement of Net Position and the Statement of Activities present the District using one class of activity:

1. Governmental Activities – The District's emergency service operations are reported here.

The government-wide financial statements can be found after the MD&A within this report.

FUND FINANCIAL STATEMENTS

Funds may be considered as operating companies of the parent corporation, which is the District. They are usually segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal reporting requirements. The District's operations are reported using governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains one governmental fund, the general fund. The general fund is used to report the District's activities. The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided to demonstrate compliance with this budget.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended September 30, 2014

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found after the financial statements within this report.

Other Information

In addition to basic financial statements, this MD&A, and accompanying notes, this report also presents certain Required Supplementary Information ("RSI"). The RSI that GASB Statement No. 34 requires includes a budgetary comparison schedule for the general fund. The RSI can be found after the notes to the financial statements within this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the District's financial position. For the District, assets exceeded liabilities by \$77,559 as of yearend. Unrestricted net position, \$77,559, may be used to meet the District's ongoing emergency service operations.

Current and other assets increased as a result of the increased cash on hand as of yearend. The increase in cash on hand was due to collections on property tax revenues exceeding expenses paid with cash during the year.

Net capital assets decreased because of annual depreciation expense.

Long-term liabilities decreased due to the amortization of deferred revenue of \$12,332.

The District reported an increase in net position of \$4,745. The increase was the result of property tax revenues exceeding operating expenses during the year.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, fund accounting is used to demonstrate and ensure compliance with finance-related legal requirements.

Governmental Funds – The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the year.

Jefferson County Emergency Services District No. 1

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended September 30, 2014

The District's general fund reflects a fund balance of \$69,323. There was an increase in the fund balance of \$4,599 over the prior year. This increase is primarily attributed to expenditures being less than anticipated.

GENERAL FUND BUDGETARY HIGHLIGHTS

Actual general fund revenues were more than final budgeted revenues by \$2,669 during the year. Actual general fund expenditures were less than the final budget by \$40,245. This is primarily due to some budgeted expenditures not occurring during the year. These variances resulted in the net positive overall variance of \$42,914.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The District is located in Jefferson County, Texas. The District anticipates revenue growth next year and has increased next year's budgeted expenditures by approximately \$18,500 compared to the current year due to the anticipated growth.

NOTES TO FINANCIAL STATEMENTS

September 30, 2014

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-Wide Financial Statements and Reporting Entity

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government.

Jefferson County Emergency Services District No. 1 (the "District") operates under Chapter 775, "Emergency Services Districts" of V.T.C.A, Health and Safety Code. The District is a duly organized emergency services district, created to protect life and property from fire and to conserve natural and human resources.

The District is funded by property taxes as paid to it by its citizens. The District's primary responsibility is to provide fire fighting facilities, fire suppression, and rescue services for its citizens. As the District does not employ personnel to provide such facilities and services, the District entered into a contract ("Service Agreement") with the volunteer fire department, Jefferson County ESD #1, Inc. ("Department"). The Department is a duly qualified and sufficiently staffed entity located within the District and can provide desired fire fighting facilities and services. The Service Agreement stipulates that the Department provide the services. For such services, the District will provide sufficient funds for the overall operations and payroll of the Department.

The Service Agreement is effective for a one year period commencing on January 1, 2010, and shall continue as provided unless explicitly terminated. As of September 30, 2014, the District owed the Department \$3,141 related to this agreement.

As required by generally accepted accounting principles, these basic financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations, or functions as part of the District's financial reporting entity. The District has adopted Governmental Accounting Standards Board Statement No. 61, *The Financial Reporting Entity*. No other entities have been included in the District's reporting entity. Additionally, as the District is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Jefferson County Emergency Services District No. 1

NOTES TO FINANCIAL STATEMENTS, *Continued*

September 30, 2014

Considerations regarding the potential for inclusion of other entities, organizations or functions in the District's financial reporting entity are based on criteria prescribed by generally accepted accounting principles. These same criteria are evaluated in considering whether the District is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the District's financial reporting entity status is that of a primary government are that it has a separately elected governing body; it is legally separate; and is fiscally independent of other state and local governments. Additionally prescribed criteria under generally accepted accounting principles include considerations pertaining to organizations for which the primary government is financially accountable, and considerations pertaining to organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

B. Basis of Presentation Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information about the District as a whole. These statements include all activities of the primary government. Governmental activities are normally supported by property and sales taxes and intergovernmental revenues. Likewise, the *primary government* is reported separately from certain legally separate units for which the primary government is financially accountable.

The Statement of Activities presents a comparison between general government expenses and general revenues of the District's governmental activities. Expenses, such as those used to fund the principal operations of the District, are presented as general government expenses. Revenues, such as taxes and investment earnings, are presented as general revenues.

The fund financial statements provide information about the government's funds. Separate statements for each fund category are presented.

The government reports the following governmental funds:

Governmental Funds

Governmental funds are those funds through which most governmental functions are typically financed.

General Fund

The general fund is used to account for the operations of the District's emergency service operations and all other financial transactions not properly includable in other funds.

Jefferson County Emergency Services District No. 1

NOTES TO FINANCIAL STATEMENTS, *Continued*

September 30, 2014

The principal sources of revenue are related to property taxes. Expenditures include all costs associated with the daily operations and contractual obligations of the District.

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes & other revenues associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). All other revenue items are considered to be measurable and available only when cash is received by the government.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

1. Cash and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition.

In accordance with GASB Statement No. 31, *Accounting and Reporting for Certain Investments and External Investment Pools*, the District reports all investments at fair value, except for "money market investments" and "2a7-like pools." Money market investments, which are short-term highly liquid debt instruments that may include U.S. Treasury and agency obligations, are reported at amortized costs. Investment positions in external investment pools that are operated in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940 are reported using the pools' share price.

2. Property Taxes

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. Penalties are calculated after February 1 up to the date collected by the government at the rate of 6% for the first month and increased 1% per month up to a total of 12%. Interest is calculated after February 1 at the rate of 1% per month up to the date collected by the government. Under state law, property taxes levied on real property constitute a lien on the real property which cannot be forgiven without specific approval of the State Legislature. The lien expires at the end of twenty years. Taxes levied on personal property can be deemed uncollectible by the District.

3. Capital Assets

Capital assets, which include property, plant, equipment, and vehicle assets are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the government, as assets with an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Interest costs incurred in connection with construction of enterprise fund capital assets are capitalized when the effects of capitalization materially impact the financial statements.

Jefferson County Emergency Services District No. 1

NOTES TO FINANCIAL STATEMENTS, *Continued*

September 30, 2014

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant, and equipment of the District are depreciated using the straight-line method over the following estimated useful years.

<u>Asset Description</u>	<u>Estimated Useful Life</u>
Vehicles and equipment	5 to 10 years
Furniture	7 years
Buildings and improvements	15 - 39 years

4. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense / expenditure) until then. An example is a deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source: property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available.

5. Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Jefferson County Emergency Services District No. 1

NOTES TO FINANCIAL STATEMENTS, *Continued*

September 30, 2014

6. Fund Balance Flow Assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

7. Fund Balance

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The governing board is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The governing body (board of commissioners) may assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken or the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

8. Long-Term Obligations

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements until due. The debt proceeds are reported as other financing sources, net of the applicable premium or discount and payments of principal and interest reported as expenditures. In the governmental fund types, issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. However, claims and

Jefferson County Emergency Services District No. 1

NOTES TO FINANCIAL STATEMENTS, *Continued*

September 30, 2014

judgments paid from governmental funds are reported as a liability in the fund financial statements only for the portion expected to be financed from expendable available financial resources.

Assets acquired under the terms of capital leases are recorded as liabilities and capitalized in the government-wide financial statements at the present value of net minimum lease payments at inception of the lease. In the year of acquisition, capital lease transactions are recorded as other financing sources and as capital outlay expenditures in the general fund. Lease payments representing both principal and interest are recorded as expenditures in the general fund upon payment with an appropriate reduction of principal recorded in the government-wide financial statements.

9. Deferred Revenue

Deferred revenue for the District represents the portion of donation revenue not yet recognized related to the donated capital lease for a building. The donated capital lease asset was recorded upon donation with an offsetting balance recorded to deferred revenue. The deferred revenue amount is recognized as income on a straight line basis over the useful life of the related building consistent with the recognition of depreciation expense.

10. Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

The governmental fund balance sheet includes reconciliation between *fund balance-total governmental funds* and *net position-governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that long-term assets, such as property tax receivable, are not available to pay for current-period expenditures and, therefore, are deferred in the governmental funds.

Jefferson County Emergency Services District No. 1

NOTES TO FINANCIAL STATEMENTS, *Continued*

September 30, 2014

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental states that, “Revenue in the Statement of Activities that does not provide current financial resources are not reported as revenue in the funds.”

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

As of September 30, 2014 all cash accounts were fully insured by FDIC.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. The budget is prepared using the same method of accounting as for financial reporting and serves as a planning tool. Encumbrance accounting is not utilized.

A budget is prepared by fund and function. Total actual expenditures did not exceed appropriations for the year ending September 30, 2014.

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

As of September 30, 2014, the District had total cash held at bank institutions of \$73,714. The District had no investments or cash equivalents.

Applicable state laws and regulations allow the District to invest its funds in direct or indirect obligations of the United States, the State, or any county, city, school district, or other political subdivision of the State. Funds may also be placed in certificates of deposit of state or national banks or savings and loan associations (depository institutions) domiciled within the State.

Related state statutes and provisions included in the District’s bond resolutions require that all funds invested in depository institutions be guaranteed by federal depository insurance and/or be secured in the manner provided by law for the security of public funds.

Custodial Credit Risk – deposits. In the case of deposits, this is the risk that in the event of a bank failure, the District’s deposits may not be returned to it. All accounts were fully insured by FDIC during the year ended September 30, 2014.

Total capital assets	\$ 452,588	\$ (12,332)	\$ -	\$ 440,256

Depreciation expense was \$12,332 for the year ended September 30, 2014. The book value of leased assets as of yearend was \$440,256.

Jefferson County Emergency Services District No. 1

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2014

On June 14, 2011, the District leased a building and land for 99 years from the City of Bevil Oaks (the "City") for a payment of \$10. The District accounts for this agreement as a capital lease and donation from the City. The fair value of the capital asset was recorded at the inception of the lease for \$480,934 and is being depreciated over the estimated useful life of the building. An offsetting deferred revenue amount for the donation was recognized for \$480,934 and is being amortized to donation income over the estimated useful life of the building. The District also records an estimated interest expense and donation amount based on the estimated lease interest charge that the City is giving up by donating the lease. The portion of depreciation expense and donation income recognized for this lease by the District during the year ended September 30, 2014 was \$12,332. The interest donation income and interest expense recognized by the District for this lease during the year ended September 30, 2014 was \$20,222.

D. Long-Term Obligations

The following is a summary of long-term obligations for the year ended September 30, 2014:

Description	Balance at 9/30/2013	Increases	Decreases	Balance at 9/30/2014	Due within a year
Deferred revenue for donated capital lease of building and land	\$ 452,588	\$ -	\$ (12,332)	\$ 440,256	\$ 12,332
	<u>\$ 452,588</u>	<u>\$ -</u>	<u>\$ (12,332)</u>	<u>\$ 440,256</u>	<u>\$ 12,332</u>
			Due in more than one year	<u>\$ 427,924</u>	

Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and accordingly, are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.

V. OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. The District has not significantly reduced insurance coverage or had settlements that exceeded coverage amounts for the past three fiscal years.

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2014

B. Contingent Liabilities

Amounts received or receivable from granting agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amounts of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic and social factors.

C. Subsequent Events

There were no material subsequent events through the date the financial statements were issued.

Re:

Jefferson County Industrial Development Corporation
Hurricane Ike Disaster Area Revenue Bonds
(Jefferson Refinery, L.L.C. Project), Series 2010

Ladies and Gentlemen:

On December 30, 2010, the Jefferson County Industrial Development Corporation (the "*Issuer*") issued the above-referenced Bonds (the "*Bonds*") pursuant to the Trust Indenture and Security Agreement, dated as of December 1, 2010, between the Issuer and Amegy Bank National Association, successor to Wells Fargo Bank National Association (the "*Trustee*") (the "*Original Indenture*"). All capitalized terms not defined herein shall have the meanings given them in the Original Indenture.

Pursuant to Section 10.01 of the Original Indenture, the Issuer has executed and delivered the Issuer's Request, dated the date hereof (the "*Issuer's Request*"), upon the order of Jefferson 2010 Bond Holdings LLC ("*Holdings*"), successor in interest to Jefferson Refinery, L.L.C., directing the satisfaction and discharge of the Original Indenture, as supplemented and amended to date, the "*Indenture*"). The Trustee has confirmed that Holdings is the registered owner of all Bonds previously authenticated and delivered pursuant to the Indenture, and that Holdings has delivered all of the Bonds to the Trustee for cancellation pursuant to Section 2.10 of the Indenture. We have been requested to provide the Opinion of Counsel required under Section 10.01(c) of the Original Indenture, that all conditions precedent provided for in the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

Pursuant to this request, we have reviewed the Original Indenture, the Fifteenth Supplemental Trust Indenture and Security Agreement dated as of March 1, 2014 and the Sixteenth Supplemental Trust Indenture and Security Agreement dated as of April 1, 2014 (Holdings having indicated, and the Trustee having confirmed, that these are the only supplemental indentures relevant to this opinion), the Issuer's Request, and such other documents and matters of law as we consider necessary in order to enable us to render such opinion. On the basis of such examination and in reliance on the acknowledgements of the parties set forth in the Issuer's Request, and subject to the qualifications set forth below, we are of the opinion that,

subject to the Issuer's, Holdings's and the Trustee's compliance with the requirements of, and the accuracy of the certifications and representations contained in, the Issuer's Request, all conditions precedent provided for in the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

We have not been requested, nor have we undertaken, to review the closing transcript for the Bonds or the supplements or amendments to any of the original transaction documents (except as described above), to make an independent investigation of, or to review any events which may have occurred since, the issuance of the Bonds. Further, we express no opinion herein with respect to (i) whether the proceeds of the Bonds have been used in the required manner; (ii) the enforceability of the Indenture or any other transaction document, or the compliance by the parties with the terms and provisions of the Indenture or any other transaction document; (iii) any governmental approvals, consents or authorizations that may be required in connection with the Bonds; (iv) the validity of the Bonds or the exclusion from gross income for federal or state income tax purposes of the interest on the Bonds; or (v) the accuracy, completeness or sufficiency of any disclosure material relating to the Bonds. The opinion expressed herein is accordingly limited to that specifically stated in the immediately preceding paragraph and required by Section 10.01(c) of the Original Indenture as a condition to the satisfaction and discharge of the Indenture.

Our opinion represents our legal judgment based upon our review of the law and the facts that we deem relevant to render such opinion, and is not a guarantee of a result. This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Respectfully submitted,

ISSUER'S REQUEST

_____, 2015

Amegy Bank National Association
1801 Main Street, 8th Floor
Houston, TX 77002
Attention: Deidre Ward, Vice President

Re: Jefferson County Industrial Development Corporation
 Hurricane Ike Disaster Area Revenue Bonds
 (Jefferson Refinery, L.L.C. Project), Series 2010

Ladies and Gentlemen:

You are the successor trustee under a Trust Indenture and Security Agreement, dated as of December 1, 2010 (the "*Original Indenture*" and, as supplemented and amended, the "*Indenture*"), between the Jefferson County Industrial Development Corporation (the "*Issuer*") and Amegy Bank National Association, successor to Wells Fargo Bank National Association, as trustee (the "*Trustee*"), pursuant to which \$300,000,000 aggregate principal amount of the Issuer's Hurricane Ike Disaster Area Revenue Bonds (Jefferson Refinery, L.L.C. Project), Series 2010 (the "*Bonds*"), were executed and delivered. Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the Indenture.

This Issuer's Request is being delivered pursuant to Section 10.01 of the Indenture upon the order of Jefferson 2010 Bond Holdings LLC ("*Holdings*"), successor in interest to Jefferson Refinery, L.L.C. Holdings is the registered owner of all Bonds previously authenticated and delivered pursuant to the Indenture. Holdings hereby delivers all of the Bonds to the Trustee for cancellation pursuant to Section 2.10 of the Indenture.

The Trustee hereby confirms, certifies and acknowledges the following:

(1) No moneys remain in the Proceeds Fund, the Credit Facility Fund, the Debt Service Fund, the Acquisition Fund, the Rebate Fund or any other fund or account held under the Indenture.

(2) Neither the Issuer nor Holdings is currently in default under the Bonds, the Indenture or the Loan Agreement between the Issuer and Holdings dated as of December 1, 2010 (as supplemented and amended, the "*Agreement*").

(3) The Fifteenth Supplemental Trust Indenture and Security Agreement dated as of March 1, 2014 and the Sixteenth Supplemental Trust Indenture and Security

Agreement dated as of April 1, 2014 are the only supplements that relate to the cancellation of the Bonds or the satisfaction and discharge of the Indenture.

(4) Except for the security interest in favor of the Trustee described in the granting clauses of the Original Indenture, which is hereby terminated, there is not now nor was there ever, any other collateral security for the obligations in respect of the Bonds, and no financing statements or other documents were filed or recorded in connection therewith.

(5) The Trustee's fees, compensation and expenses pertaining to the Bonds have been provided for by Holdings, and the obligations of the Issuer and Holdings to the Trustee under Section 8.07 of the Indenture do not survive the satisfaction and discharge of the Indenture as set forth herein.

(6) All of the Bonds secured by the Indenture have been canceled as set forth in Section 10.01(a) of the Indenture.

(7) The Issuer or Holdings has paid or caused to be paid all other sums payable by the Issuer or Holdings under the Indenture and under the Agreement.

(8) The Trustee has received an Opinion of Counsel stating that all conditions precedent provided for in the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

(9) The Indenture and the lien, rights, and interests created by the Indenture have ceased, determined, and become null and void, and the Trustee hereby agrees, at the expense of Holdings, to take any and all steps, and to execute, deliver and record a termination statement and such other instruments of satisfaction and discharge as may be necessary (in form and substance satisfactory to Holdings), to evidence the termination of any right, title and interest of the Trustee in the Indenture and the Agreement and to pay, assign, transfer, and deliver to Holdings or upon Holdings' order all cash, securities, and other property held by it under the Indenture as a part of the Trust Estate.

Please acknowledge your acceptance of the terms hereof by signing and returning to the undersigned the enclosed copy of this letter.

TEXAS DEPARTMENT OF AGRICULTURE
COMMISSIONER SID MILLER

July 28, 2015

The Honorable Jeff Branick
Jefferson County Judge

Beaumont, TX 77701

Patrick?

Dear Judge Branick:

More than 18 percent of our state's elderly population is facing the threat of hunger. With that in mind, the 84th Texas Legislature increased funding for the Texans Feeding Texans: Home-Delivered Meal Grant Program (Program). 2015 marks the eighth year the Texas Department of Agriculture (TDA) has administered this program. In doing so, TDA provides funding to home-delivered meal providers, and in turn, these providers serve nearly 14 million meals annually to elderly and disabled Texans.

I want to make sure you are aware of this funding opportunity, and I hope you will help us spread the word. Our goal is to reach as many communities as possible across the Lone Star State. We want to continue getting meals into the homes of elderly Texans. Many of the providers we work with are associated with the "Meals on Wheels" network, but the grant program is not limited to these groups. Other nonprofits and governmental entities deliver hot meals to homebound citizens every day, and we want to make sure they also are aware of the Program.

These grants create a partnership between the state, counties and local meal providers. In order for an organization to be eligible, a county also must contribute a financial grant. The county must document their portion of the grant through a formal resolution, which is submitted as part of the application. TDA will begin accepting applications on **September 1, 2015**. All applications must be postmarked no later than **Monday, November 2, 2015**. Applications will be available by mid-summer.

I encourage all counties to take this time to ask questions, make budget plans and reach out to local groups that deliver meals to senior or homebound citizens. A strong partnership with the county is vital to implementing a successful program in the community.

We must do everything in our power to make sure our seniors and Texans with special needs never go hungry. This funding will help fill the stomachs and hearts of people who need it most and provide them with the opportunity to live in a secure, happy and healthy environment in their own homes.

For more information on how your county can partner with these providers and to view a list of current grantees, please visit TDA's website at www.TexasAgriculture.gov. Additionally, you can contact TDA's Grants Office at (512) 463-9932 or Grants@TexasAgriculture.gov.

Independent Auditor's Report

The Board of Directors
Nutrition & Services for Seniors, Inc.
Beaumont, Texas

We have audited the accompanying statement of cash receipts and disbursements of Nutrition & Services for Seniors, Inc., (a nonprofit organization) for the year ended September 30, 2014, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the cash receipts and disbursements basis of accounting as described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the statement of cash receipts and disbursements referred to above presents fairly, in all material respects, the cash receipts and disbursements of Nutrition & Services for Seniors, Inc., for the year ended September 30, 2014, on the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. The financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

Other information

Our audit was conducted for the purpose of forming an opinion on the statement of cash receipts and disbursements taken as a whole. The schedule of cash disbursements is presented for purposes of additional analysis and is not a required part of the statement of cash receipts and disbursements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the statement of cash receipts and disbursements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. NUTRITION & SERVICES FOR SENIORS, INC.
NOTES TO THE FINANCIAL STATEMENT
SEPTEMBER 30, 2014

Note 1 – Summary of Significant Accounting Policies

Nature of the Organization: Nutrition & Services for Seniors, Inc., (the Organization) is a nonprofit organization operated for the purpose of providing noon-day meals to qualified seniors (anyone over 60 years of age) at various locations in Hardin and Jefferson Counties of Texas and meals to the homebound elderly. Funds for these meals are provided largely by contracts from the Area Agency on Aging of Southeast Texas, with other funds provided by the State of Texas, United Way, Department of Health and Human Services Commission (HHSC), Department of Aging and Disability Services (DADS), and contributions from participants. Support services provided by the Organization include transportation, escort, health and welfare, counseling, nutrition education, recreation, and shopping assistance.

Cash Basis of Accounting: The statement of cash receipts and disbursements of Nutrition & Services for Seniors, Inc., is prepared on a cash basis. Consequently, certain revenues are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. The basis of presentation is a comprehensive basis of accounting other than generally accepted accounting principles. Noncash transactions are not recognized in the statement of cash receipts and disbursements.

Revenue: The Organization receives federal funds to provide nutrition and services for seniors in the southeast Texas area of Jefferson and Hardin Counties. The primary funding agencies are Area Agency on Aging of Southeast Texas, Health and Human Services Commission (HHSC), and Department of Aging and Disability Services (DADS).

The Organization is subject to being audited by the funding agencies and could be required to return unspent funds, if any, at September 30, 2014. Management is of the opinion that there are no unspent funds which should be returned.

Other revenue is derived from contributions and grants from individuals, businesses, municipalities, and communities in the service area as well as United Way and private foundations.

Date of Management Review: In preparing this financial statement, the Organization has evaluated events and transactions for potential recognition or disclosure through January 21, 2015, the date the financial statement was available to be issued.

Note 2 – Retirement Plan

The Organization has an IRC Section 401(k) retirement plan covering substantially all of its full-time employees. The Plan provides for the Organization as employer to match up to 4 percent of the participating employees' wages. The total cost to the Organization was \$25,673 for the year ended September 30, 2014.

NUTRITION & SERVICES FOR SENIORS, INC.

NOTES TO THE FINANCIAL STATEMENT

SEPTEMBER 30, 2014

Note 3 – Income Tax Status

Income Taxes: Nutrition & Services for Seniors, Inc., is a nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Service Code. Therefore, no provision for income taxes is reflected in the financial statement. The Organization's Department of the Treasury information returns are subject to examination, generally for three years after the filing date.

Note 4 – Donated Services

Donated services are recognized as contributions in accordance with *FASB ASC 958-605, Revenue Recognition*, if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Donated services from volunteers performing food-handling, transportation, or clerical functions throughout the year are not recognized as contributions in the financial statement because the criteria for *FASB ASC 958-605* are not met.

Independent Auditor's Report

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Directors
Nutrition & Services for Seniors, Inc.
Beaumont, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying statement of cash receipts and disbursements of Nutrition & Services for Seniors, Inc., (a nonprofit organization) as of and for the year ended September 30, 2014, and the related notes to the financial statement, and have issued our report thereon dated January 21, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered Nutrition & Services for Seniors, Inc.'s, internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the statement of cash receipts and disbursements, but not for the purpose of expressing an opinion on the effectiveness of Nutrition & Services for Seniors, Inc.'s, internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Internal Control Over Financial Reporting (Continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Nutrition & Services for Seniors, Inc.'s, statement of cash receipts and disbursements is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

The Board of Directors
Nutrition & Services for Seniors, Inc.
Beaumont, Texas

Report on Compliance for Each Major Federal Program

We have audited Nutrition & Services for Seniors, Inc.'s, compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, *Compliance Supplement*, that could have a direct and material effect on each of Nutrition & Services for Seniors, Inc.'s, major federal programs for the year ended September 30, 2014. Nutrition & Services for Seniors, Inc.'s, major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Nutrition & Services for Seniors, Inc.'s, major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Nutrition & Services for Seniors, Inc.'s, compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Nutrition & Services for Seniors, Inc.'s, compliance with those requirements.

Opinion on Each Major Federal Program

In our opinion, Nutrition & Services for Seniors, Inc., complied, in all material respects, with the types of compliance requirements referred to above that could have a direct material effect on each of its major federal programs for the year ended September 30, 2014.

Report on Internal Control Over Compliance

Management of Nutrition & Services for Seniors, Inc., is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Nutrition & Services for Seniors, Inc.'s, internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Nutrition & Services for Seniors, Inc.'s, internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

§ INTERLOCAL COOPERATION

COUNTY OF CHAMBERS

§
§ AGREEMENT

This INTERLOCAL COOPERATION AGREEMENT (the "Agreement") is made and entered into effective date of _____ day of _____, 2015 ("Effective Date") by and between the COUNTY OF CHAMBERS, a political subdivision of the State of Texas ("COUNTY"), COUNTY OF JEFFERSON, a political subdivision of the State of Texas ("CONTRACTOR"), and SOUTHWESTERN CORRECTIONAL, LLC doing business as LASALLE CORRECTIONS, operator of the Jefferson County Jail and a Texas limited liability corporation with an address of 26228 Ranch Road 12, Dripping Springs, Texas 78620 ("OPERATOR"). COUNTY, CONTRACTOR, and OPERATOR may hereafter be referred to singularly as a "Party" or collectively as the "Parties." This Agreement is entered into by the Parties pursuant to authority granted under the Interlocal Cooperation Act, Texas Government Code Chapter 791.

WITNESSETH

WHEREAS, COUNTY is seeking to provide for the housing and care of certain inmates of COUNTY; and

WHEREAS, CONTRACTOR currently has excess capacity and the ability to provide housing and care for such inmates at the Jefferson County Downtown Jail ("Jail");

WHEREAS, OPERATOR currently operates the Jail on behalf of CONTRACTOR under the Jefferson County Jail Management Services Contract signed on June 28, 2011, between CONTRACTOR and OPERATOR ("Operation Agreement"); and

WHEREAS, the Parties desire to enter into this Agreement pursuant to which CONTRACTOR will provide detention services for inmates of COUNTY at the Jail operated and managed by OPERATOR.

NOW, THEREFORE, in consideration of the mutual covenants and agreements stated herein, the Parties agree as follows:

**ARTICLE I
PURPOSE**

1.01 The purpose of this Agreement is to establish the terms and conditions under which CONTRACTOR will provide to COUNTY detention services for COUNTY inmates at the Jail managed and operated by OPERATOR.

**ARTICLE II
TERM**

- 2.1 The term ("Term") of this Agreement shall commence on the Effective Date and shall terminate on December 31, 2015. COUNTY and CONTRACTOR may renew the Agreement on an annual basis for three (3) additional one (1) year periods commencing on January 1, 2016 through December 31, 2018. The Agreement shall renew automatically upon the expiration of the current term unless either COUNTY or CONTRACTOR provides the other Party with written notice of its desire not to renew the Agreement. Such notice shall be provided at least ninety (90) days prior to the expiration of the current term. All agreements between the Parties are set out in this Agreement and no oral agreements which are not contained in this Agreement will be enforceable against any Party.
- 2.2 Notwithstanding Article II, Section 2.01 hereof, this Agreement will terminate in the event sufficient funds are not appropriated by the Chambers County Commissioners Court to meet the COUNTY'S fiscal obligations herein, or if sufficient funds are not appropriated by the Jefferson County Commissioners Court to meet the CONTRACTOR'S service obligations agreed hereto in any fiscal year. In such event, the terminating Party agrees to give the non-terminating Party sixty (60) days' written notice prior to such termination.
- 2.3 The Parties hereby agree that, notwithstanding any other language to the contrary herein, either COUNTY or CONTRACTOR may terminate this Agreement with or without cause by giving to the other Party thirty (30) days' written notice of its intention to terminate. Upon termination of this agreement, return of the COUNTY inmates to Chambers County Sheriff will be transported within forty-eight (48 hours) or a time mutually determined by CONTRACTOR and COUNTY.

**ARTICLE III
DESIGNATED REPRESENTATIVES**

- 3.1 COUNTY hereby appoints Brian C. Hawthorne, Chambers County Sheriff, as its designated representative under this Agreement.
- 3.2 CONTRACTOR hereby appoints Mitch Woods Jefferson County Sheriff, as its designated representative under this Agreement.
- 3.3 OPERATOR hereby appoints Rodney Cooper, LaSalle Corrections, Executive Director, as its designated representative under this Agreement.
- 3.4 A Party may change its designated representatives at any time by providing the other Parties with written notice of the change pursuant to Article X, Section 10.01 herein below.

ARTICLE IV
OBLIGATIONS

- 4.1 CONTRACTOR agrees to provide for housing and safekeeping of inmates of COUNTY in accordance with state and local law, including the minimum standards promulgated by the Texas Commission on Jail Standards ("Jail Commission"). The Parties agree that any inmate of COUNTY shall be eligible for incarceration at the Jail under this Agreement provided that the incarceration of such inmate is in accordance with the standards under the Jail Commission approved custody assessment system in place at the Jail. CONTRACTOR understands and agrees that COUNTY shall have sole discretion as to the number of inmates of COUNTY to send to the Jail, including whether to send any inmates at all, and that COUNTY does not guarantee a minimum number of inmates to be housed in the Jail under this Agreement. Furthermore, COUNTY understands and agrees that CONTRACTOR will house COUNTY'S inmates provided the Jail has available beds.
- 4.2 CONTRACTOR through its contract with OPERATOR shall provide housing, care, meals, and routine medical services for such inmates on the same basis as it provides for its own inmates confined in the Jail, subject to the terms and conditions of this Agreement. Routine medical services provided to COUNTY'S inmates shall also be in accordance with CONTRACTOR'S Health Services Plan for CONTRACTOR'S inmates as required by Texas Administrative Code, Title 37, Part 9, Chapter 273, Rule 273.2.
- 4.3 County and OPERATOR agree that they are responsible for the transportation of inmates of COUNTY to and from the Jail twice per week, on Tuesday and Thursday, if needed, and any additional transportation will be billed at the rate of \$.50 per mile and \$15.00 per guard hour. COUNTY will provide a minimum 24 hour notice of the total number and identity of all inmates to be transported, both regular scheduled and special transports if possible. COUNTY will also provide 24 hour notice if no transports are needed for regular transport days.
- 4.4 CONTRACTOR through its contract with OPERATOR agrees to provide reasonable medical services to inmates of COUNTY only as follows:
- (a) CONTRACTOR through its contract with OPERATOR shall provide routine medical services to inmates of COUNTY in the Jail, including on-site sick call (provided by on-site staff) and non-prescription, over-the-counter/non-legend and routine drugs and medical supplies; and
 - (b) CONTRACTOR through its contract with OPERATOR shall provide non-routine medical services to inmates of COUNTY, which are necessitated by an emergency or by a life threatening medical situation, including ambulance transportation or emergency flight if required:, at the cost of COUNTY.

In the event an inmate of COUNTY requires medical services other than those described in subparagraph (a) hereinabove, including but not limited to dental, optical services, mental health services, prescription drugs and treatments,

CONTRACTOR agrees to contact COUNTY'S Designated Representative to advise the Designated Representative of the County: (i) the identity of the COUNTY inmate; (ii) the type of the medical services and/or treatments CONTRACTOR has determined the COUNTY inmate requires; (iii) any services or treatments the COUNTY inmate has received at the Jail in connection with the illness or condition for which CONTRACTOR is contacting COUNTY'S Designated Representative; (iv) a contact name and telephone number for the representative with OPERATOR that determined the medical services and/or treatments are necessary for the COUNTY inmate; and (v) the arrangements which have been made to transport the COUNTY inmate back to Chambers County to receive the medical services and/or treatments. In addition, should a COUNTY inmate be hospitalized for any reason at a non-Chambers County facility, CONTRACTOR shall provide COUNTY with the information required in items (i) through (v) herein as well as a contact name and telephone number for a representative at the medical facility treating the COUNTY inmate that is familiar with the COUNTY inmate's condition.

- 4.5 CONTRACTOR and OPERATOR understand that the detention services to be provided under this Agreement include only basic custodial care and supervision, and do not include any special educational, vocational, or other programs.
- 4.6 CONTRACTOR reserves the right for CONTRACTOR and/or OPERATOR to review the background of inmates sought to be transferred to the Jail, and COUNTY agrees to cooperate with and provide information reasonably requested regarding any such inmate. CONTRACTOR reserves the right to refuse acceptance of any such inmate if, in the reasonable judgment of CONTRACTOR'S Designated Representative, a particular inmate's behavior, medical, or psychological condition, or other circumstances of reasonable concern, makes the inmate unacceptable for incarceration in the Jail.
- 4.7 CONTRACTOR and OPERATOR further agree that should a prisoner be injured while being housed by CONTRACTOR, that CONTRACTOR and/or OPERATOR will within ten (10) hours notify COUNTY of said injury and provide COUNTY with copies of all incident reports relating to the injury.
- 4.8 **CONTRACTOR shall only be liable for any injuries, death, damage, or loss to the extent that such injury, death, damage or loss is caused by the fault or negligence of Contractor, its agents or employees. COUNTY shall only be liable for any injuries, death, damage, or loss to the extent that such injury, death, damage or loss is caused by the fault or negligence of County, its agents or employees.**
- 4.9 **INDEMNIFICATION. AS OPERATOR BENEFITS FINANCIALLY FROM THE TERMS OF THIS AGREEMENT, OPERATOR AGREES TO DEFEND, HOLD HARMLESS, AND INDEMNIFY CONTRACTOR, COUNTY AND THEIR OFFICIALS, EMPLOYEES, AGENTS, AND REPRESENTATIVES FROM AND AGAINST ANY AND ALL CLAIMS, DAMAGES, DEMANDS, LOSSES, COSTS, ASSESSMENTS AND EXPENSES, INCLUDING ATTORNEYS' FEES AND COURT COSTS (COLLECTIVELY, THE "LIABILITIES"), INCURRED OR SUFFERED BY CONTRACTOR, COUNTY AND THEIR**

OFFICIALS, EMPLOYEES, AGENTS, AND REPRESENTATIVES THAT ARISE OUT OF OR RESULT FROM ANY CAUSE OR CLAIM OR ANY NEGLIGENT OR WRONGFUL ACT OR FAILURE TO ACT BY OPERATOR OR ITS OFFICERS, EMPLOYEES, AGENTS OR REPRESENTATIVES, OR ITS SUBCONTRACTORS OR ASSIGNS, FOR LIABILITIES THAT ARISE OR RESULT FROM THE ACTS OR OMISSIONS OF OPERATOR IN ITS OPERATION OF THE JAIL UNDER THE OPERATION AGREEMENT OR THIS AGREEMENT. THIS INDEMNITY SHALL NOT COVER ANY LIABILITIES, CLAIMS, DAMAGES, LOSSES, OR EXPENSES, INCLUDING ATTORNEYS' FEES CAUSED BY, OR RESULTING FROM, LIABILITIES THAT ARE ATTRIBUTABLE TO THE GROSS NEGLIGENT ACTS OR OMISSIONS OF CONTRACTOR, COUNTY OR THEIR OFFICIALS EMPLOYEES, AGENTS OR REPRESENTATIVES OR ANY LEGAL ENTITY FOR WHOSE NEGLIGENT ACTION OR OMISSION COUNTY MAY BE LIABLE. THIS PROVISION DOES NOT AFFECT OR ALLEVIATE ANY DUTIES OF OPERATOR TO CONTRACTOR THAT EXIST PURSUANT TO THE CHAMBERS COUNTY JAIL MANAGEMENT SERVICES CONTRACT SIGNED ON AUGUST 25, 2015, BETWEEN OPERATOR AND CONTRACTOR.

- 4.10 CONTRACTOR shall require OPERATOR to maintain, at a minimum, and OPERATOR agrees to maintain the insurance required in the Operation Agreement, Article IX.

ARTICLE V
PAYMENT FOR SERVICES

- 5.1 COUNTY agrees to pay CONTRACTOR a per-diem rate for detention services under this Agreement in the amount of FORTY FIVE DOLLARS AND 00/100 (\$45.00) for each inmate for each day that detention services are provided from the effective date. The Parties agree that a portion of any day shall be computed as a full day under this Agreement, and subject to the per diem rate, only on the day of arrival of the inmate to the Jail. COUNTY shall not be responsible for any pro-rated per diem fees for any partial day that includes the day of departure of any inmate.
- 5.2 COUNTY understands and acknowledges that only routine medical services, as described in Article IV, Section 4.04(a) hereinabove, are included in the per diem rate for detention services provided under this Agreement, and that reasonable medical expenses for services that are required to be provided pursuant to Article IV, Section 4.04(b) hereinabove shall be the responsibility of COUNTY.

- 5.3 CONTRACTOR and/or OPERATOR agrees to issue a monthly invoice to COUNTY addressed to the Chambers County Auditor at 404 Washington Ave, Anahuac Texas 77514, with a copy to COUNTY'S Designated Representative. Such statement shall detail the amount of compensation due and expenses incurred that are the responsibility of COUNTY under this Agreement as well as the period of time for which the invoice applies. The invoice submitted by CONTRACTOR hereunder shall be paid in accordance with Government Code Chapter 2251. If any amount set out in any invoice is disputed by COUNTY, then COUNTY agrees to notify CONTRACTOR in writing of the disputed amount, and the basis for the dispute, within fifteen (15) days of receipt of such invoice. The Parties agree that only payment of the disputed amount may be retained by COUNTY until the disputed matter is resolved, and that payment of the undisputed balance must be paid in accordance with this Article V, Section 5.03.
- 5.4 Payments by COUNTY to CONTRACTOR for the detention services provided under this Agreement must be made from current revenues available to COUNTY. The payment of funds under any provision of this Agreement by COUNTY is contingent upon an appropriation by COUNTY to cover the provisions of the Agreement. Neither COUNTY, its elected officials, employees, agents, attorneys, nor any other individual acting on behalf of COUNTY may make any representation or warranty as to whether any appropriation will, from time to time, be made by the governing body of COUNTY. The failure of COUNTY to appropriate sufficient funds will not cause COUNTY to be in default under this Agreement, and CONTRACTOR'S sole and exclusive remedy shall be to terminate this Agreement.

ARTICLE VI RECORDS

- 6.1 COUNTY agrees to provide CONTRACTOR and/or OPERATOR with copies of all inmate classifications and detention records applicable to each inmate that is to be detained at the Jail under this Agreement as well as any medical records or other relevant information in the possession of COUNTY for each such inmate, including information regarding any special medication, diet, or exercise regimen applicable to each such inmate.
- 6.2 Upon request, CONTRACTOR and/or OPERATOR agrees to provide COUNTY with copies of any records or reports maintained by CONTRACTOR that are applicable to the particular inmate of COUNTY relating to that inmate's detention at the Jail under this Agreement.
- 6.3 The Parties agree that neither CONTRACTOR nor OPERATOR shall be responsible for the computation or processing of any inmate's time of confinement, including, but not limited to, computation of good time awards/credits and discharge dates. In addition, CONTRACTOR shall not be responsible for paperwork arrangements for any inmate that is to be transferred to the Texas Department of Criminal Justice, Institutional Division. All of the

foregoing recordkeeping and/or paperwork requirements shall continue to be the responsibility of COUNTY.

- 6.4 COUNTY agrees to comply with all of CONTRACTOR'S booking procedures. CONTRACTOR and/or OPERATOR hereby agree to furnish COUNTY with a copy of those procedures on, or prior to, execution of this Agreement by CONTRACTOR.

ARTICLE VII
TEXAS LAW TO
APPLY

- 7.01 This Agreement shall be construed under and in accordance with the laws of the State of Texas.

ARTICLE VIII
LEGAL CONSTRUCTION

- 8.01 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalid, illegal, or unenforceable provision shall not affect any other provisions hereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

ARTICLE IX
AMENDMENTS

- 9.01 No amendment, modification, or alteration of the terms hereof shall be binding unless in writing, dated subsequent to the date of this Agreement and duly authorized by the governing bodies of COUNTY, CONTRACTOR, and OPERATOR.
