

CHAIRMAN'S LETTER

Dear Members,

October is Texas Archeology Month. McFaddin Beach was in the news again recently in the Beaumont Enterprise when a couple who was combing the beach for arrowheads found a Ridley sea turtle.

Let us remember our friend and fellow commissioner, Leslie "Paul" Tanner, who spent years categorizing and mapping his finds from McFaddin Beach, and then left his collection for future students at the University of Texas Archeological Research Laboratory to learn from and enjoy.

Thank you to our members for your time and service in preserving our history.

JEFFERSON COUNTY FAST FACTS

7/1/1968

Date the Jefferson County Commissioners closed the Jefferson County Tuberculosis Hospital due to advances in treatment resulting in too few patients to justify the overhead of maintaining the hospital.

39

Number of Sheriffs who have served in Jefferson County since 1837. The longest tenure, 24 years, was that of Thomas H. Langham who served from 1876 to 1900.

1857

Year the Sabine Pass lighthouse was placed into service. Benjamin Granger was the first light keeper.

SOUTH PARK MARKER TO BE REDEDICATED

The historical marker for South Park High School, originally erected in 1988, had been missing since 2010 when the original school was demolished. JCHC made several attempts to locate the marker, sending letters of inquiry to BISD’s superintendent and to the school board. Despite our best efforts, we never received any response from the school district to our inquiries.

Miraculously JCHC has recently been contacted by Mike Getz, Mayor Pro Tem, of the City of Beaumont, who informed the commission the South Park marker has been located. Mr. Getz is in charge of the rededication ceremony which will take place on October 3, 2015, at 10:00 a.m.

Marker Chair, Les McMahan, has given appropriate directions regarding the placement of the marker and a supplemental plaque indicating the original building no longer stands.

The text of the marker reads, “ Built by the South Park Independent School District in 1922-1923, this structure also housed classes of South Park Junior College for ten years. Renamed Lamar Junior College in 1932 and Lamar University in 1971, the college institution moved to its own campus in 1942. South Park High School remained at this location until 1986, when it was merged with West Brook High School and this facility became a junior high school. South Park High School represents both the past and future of education in Beaumont.”

Where the marker has been the last five years remains a mystery.

VOLUNTEER HOURS AND MEMBERSHIP

Any work in the preservation or promotion of Jefferson County History may be counted toward your volunteer hours. JCHC meetings and travel time to and from meetings also count as volunteer hours. Members are reminded that at least 50 hours of volunteer work per year is required of each member.

Also with the number of hours, JCHC needs a general description of work performed, for example: 3 Hours – Marker Survey.

If you have any questions, please call the office at 409-835-8701 or contact Linda via email at histcomm@co.jefferson.tx.us

FERTITTA BUILDING

The Fertitta Building located at the corner of Fannin and Park Streets in downtown Beaumont has undergone some work recently to secure the building from vagrants. The windows and doors have been boarded up and the entire exterior painted. Certainly the structure is now more aesthetically pleasing to any passersby.

Tom Bell, Director of Beaumont Main Street, was contacted for any news about this development. Mr. Bell said Joe Penland owns the building, but at this time he has not shared any of his plans with Beaumont Main Street.
