

January 24, 2013

Commissioner Brent Weaver  
Road and Bridge Precinct 2  
7759 Viterbo Road  
Beaumont Texas 77705

Dear Brent:

The City of Groves appreciates the cooperation and contribution you make to our street program every year. As the spring and summer of 2013 approaches it is time to review our city streets and determine which of those streets will be in the program.

As in the past we are requesting assistance from Precinct 2 to complete this program in the form of equipment and labor as per the inter-local agreement between the city and county. This assistance allows the city to do more streets and to maximize our resources by partnering with the county.

Attached is a map and list of the streets, with to and from locations, length, width, total feet and miles that the City of Groves will be scheduling for the 2013 Groves street program.

Sincerely,

D.E. Sosa  
City Manager  
City of Groves

Taft Avenue – approximately 300 linear feet from just West of Willow Dr. to South of Willow.

25<sup>th</sup> Street – Taft Avenue to Cleveland Avenue, approximately 2700 linear feet.

25<sup>th</sup> Street – S.H. 347 to Fourth Avenue, approximately 2400 linear feet.

Cleveland Avenue - 32<sup>nd</sup> Street to 25<sup>th</sup> Street, approximately 2700 linear feet.

We request that the county spray CRS-2 at these locations with their distributor truck and provide 2-3 additional dump trucks for transporting aggregate to the sites. We will use our rock distributor and have aggregate centrally located as to reduce travel times and fuel costs.
