Jefferson County Precinct 2 Staff begin mowing season for numerous county roads in Precinct 2, Commissioner Weaver warns drivers to be cautious when driving near mowers

Mowing season is here. In an effort to prevent heavy grass cuttings from entering our ditches blocking drainage; we have

implemented a structured mowing schedule for Precinct 2. We don't want to wait until the grass is high; when this happens the fresh cut grass enters our ditches and blocks drainage, as a result we have implemented a daily mowing schedule. ***Please be aware we will have mowing tractors as well as inmate work crews out on the county roadway picking up trash. Please observe all warning signs posted for work crew safety. Please use caution when driving near the mowers and observe all warning and safety signs.***

The county roadway and drainage mowing schedule program is essential to our rural areas in order to maintain our county roads and ditches allowing the water to drain properly from the roadway and along our ditches. If you have any questions; please contact the Jefferson County Road & Bridge Pct 2 -Road Division at 727-2173.

*The weather may cause this schedule to be altered.

Thank you for your patience and cooperation during our mowing season. We want to do all we can to maintain our mowing along our County roadways. Our mowing program is an important task in protecting and maintaining the drainage along our ditches and roadway.
